INTRODUCTION

The Elite System is a modern and versatile closet and partition solution. The aim is to ensure efficient assembly while maintaining durability and aesthetic quality. It includes step-by-step instructions for fixing aluminium profiles, attaching wooden panels, and installing shelves, connectors and accessories. The guide also provides layout plans and dimension details to help you achieve a strong, clean, and modern finish.

Rectangle Pipe Hanger

Wood Shelf
Connection
Bracket

Shelf Bracket

Hanger Support V2
For Aluminium Shelf

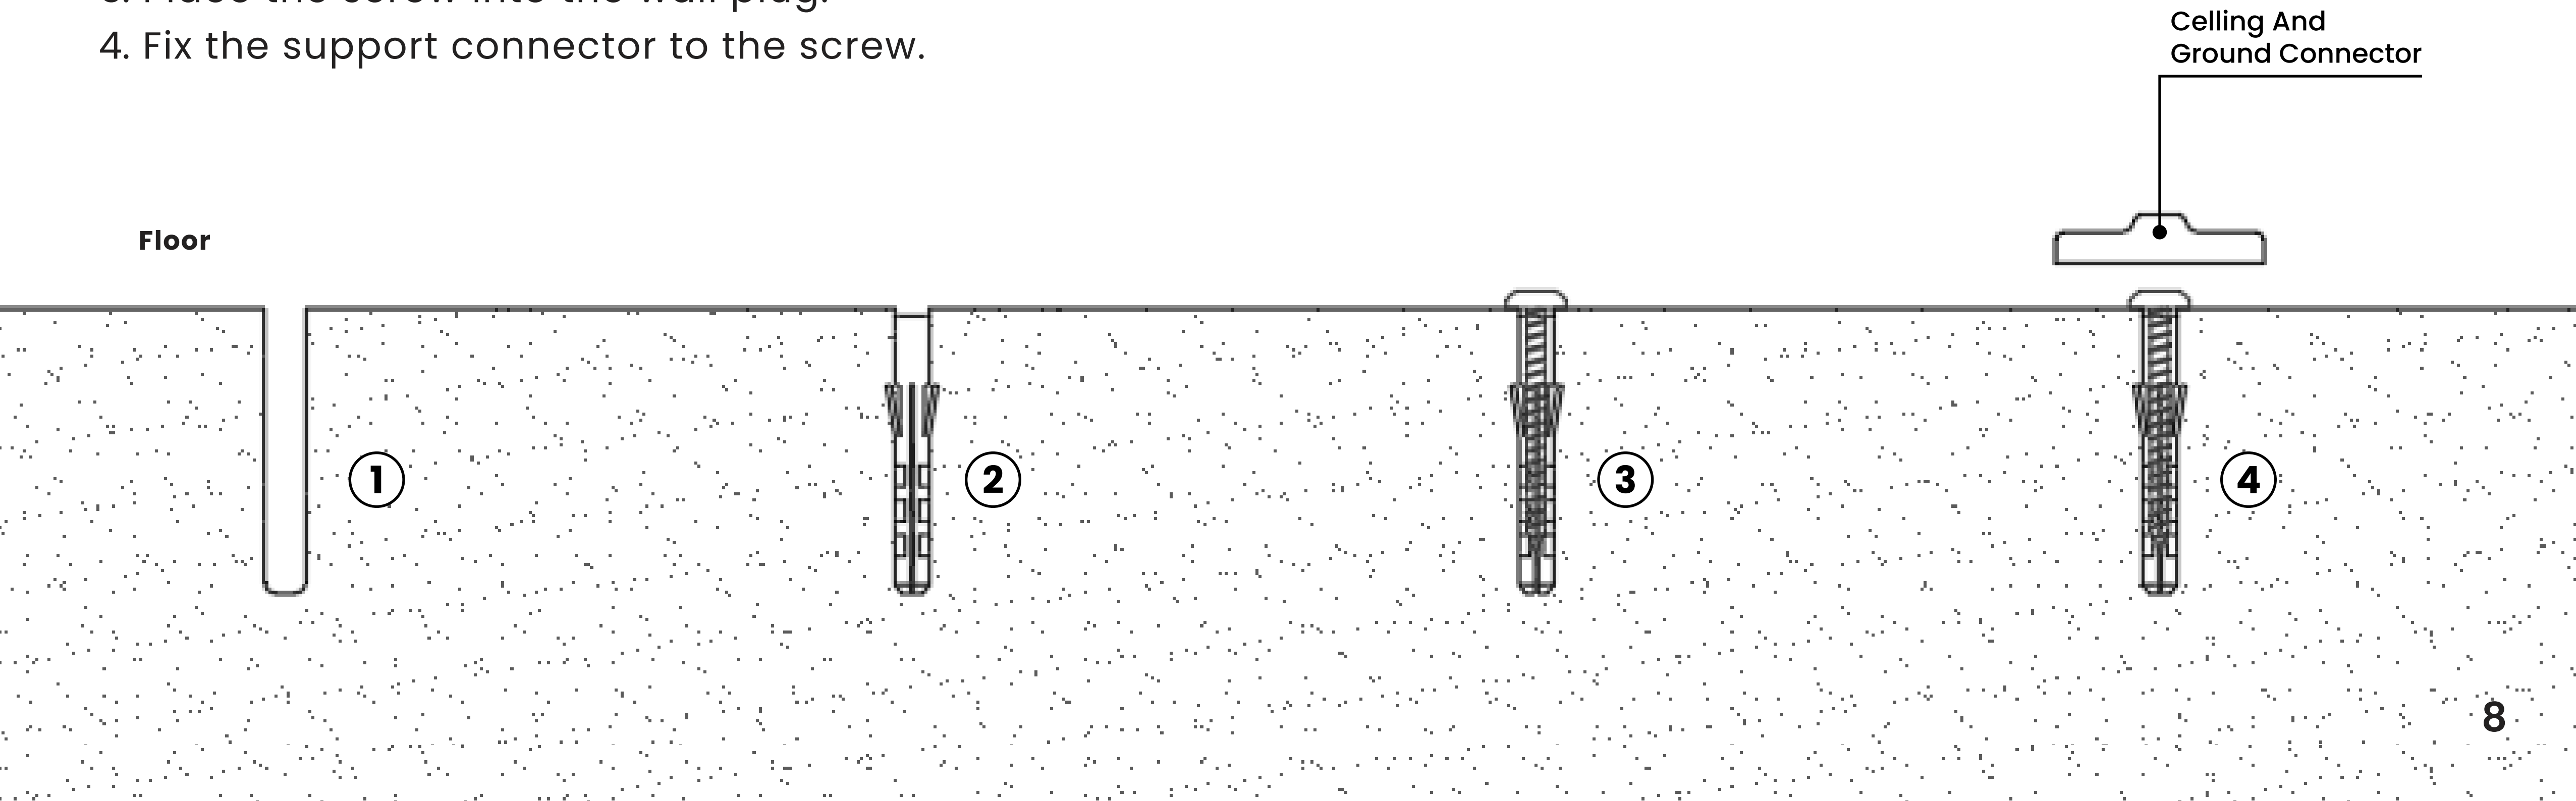

Hanger Support V2
For Wooden Shelf

SYSTEM INSTALLATION

Floor Fixing Steps

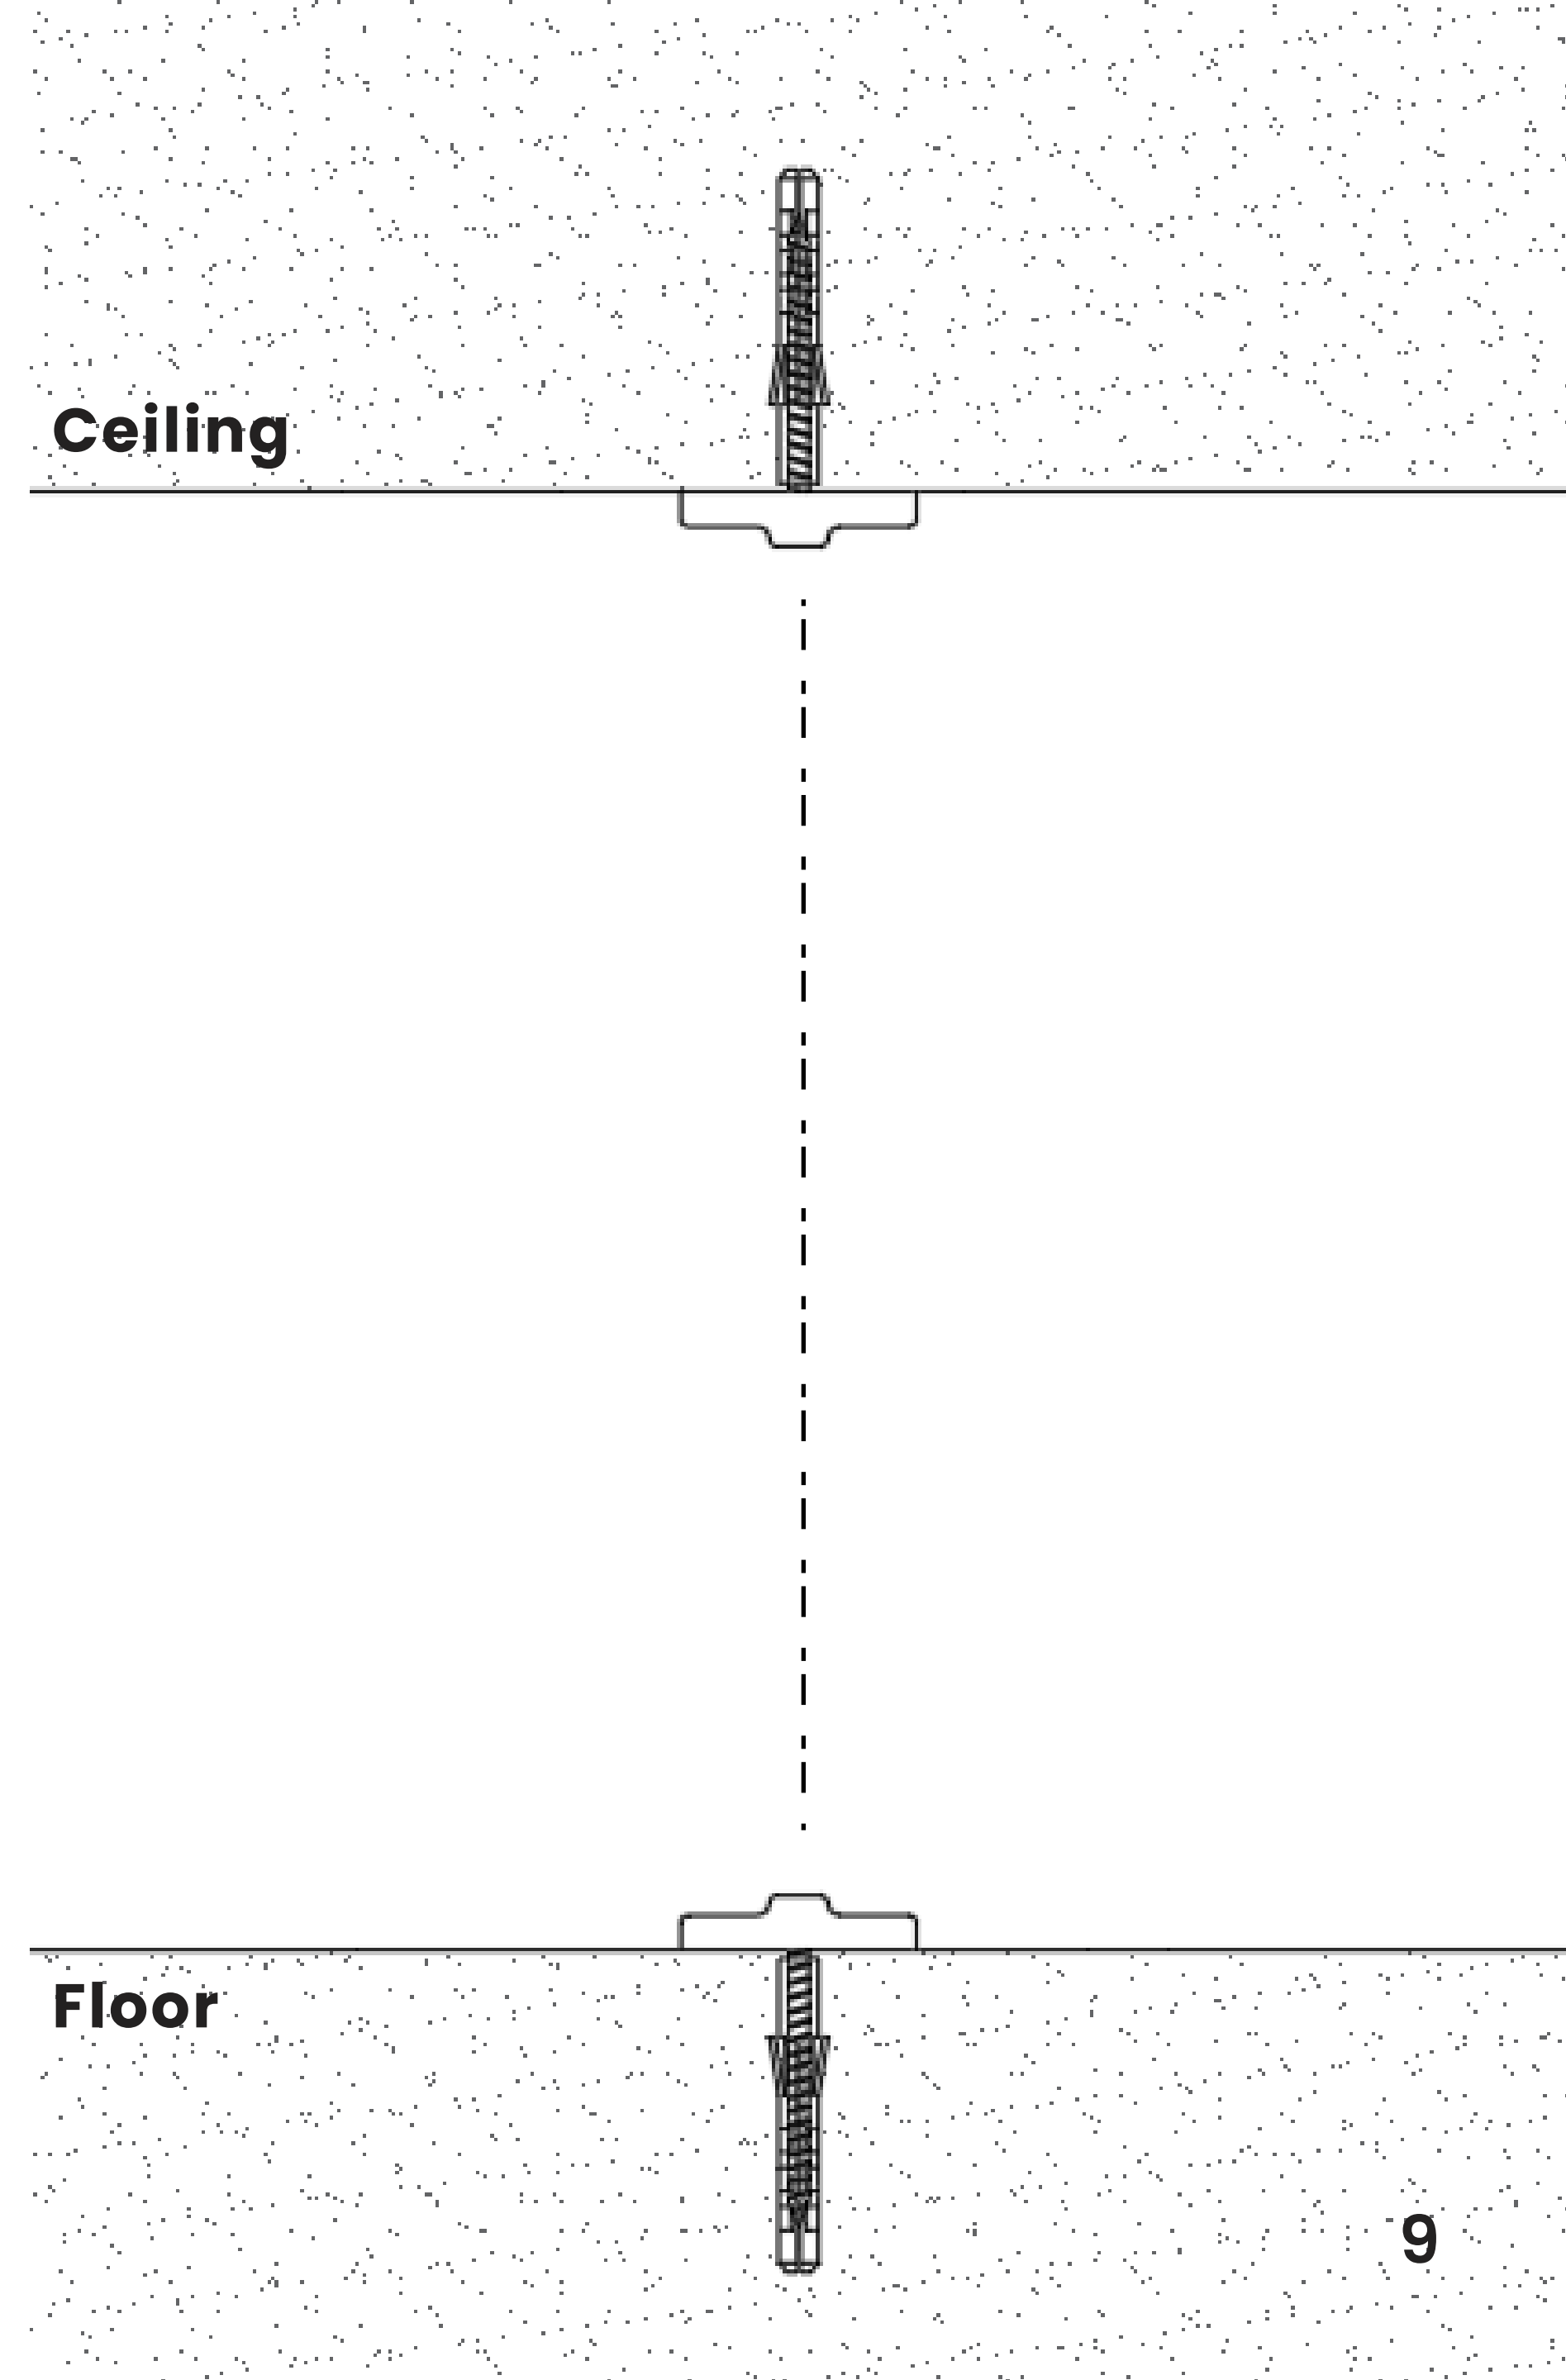

1. Drill a hole in the floor to insert the screw.
2. Insert the wall plug into the hole.
3. Place the screw into the wall plug.
4. Fix the support connector to the screw.

SYSTEM INSTALLATION

Ceiling Fixing Steps

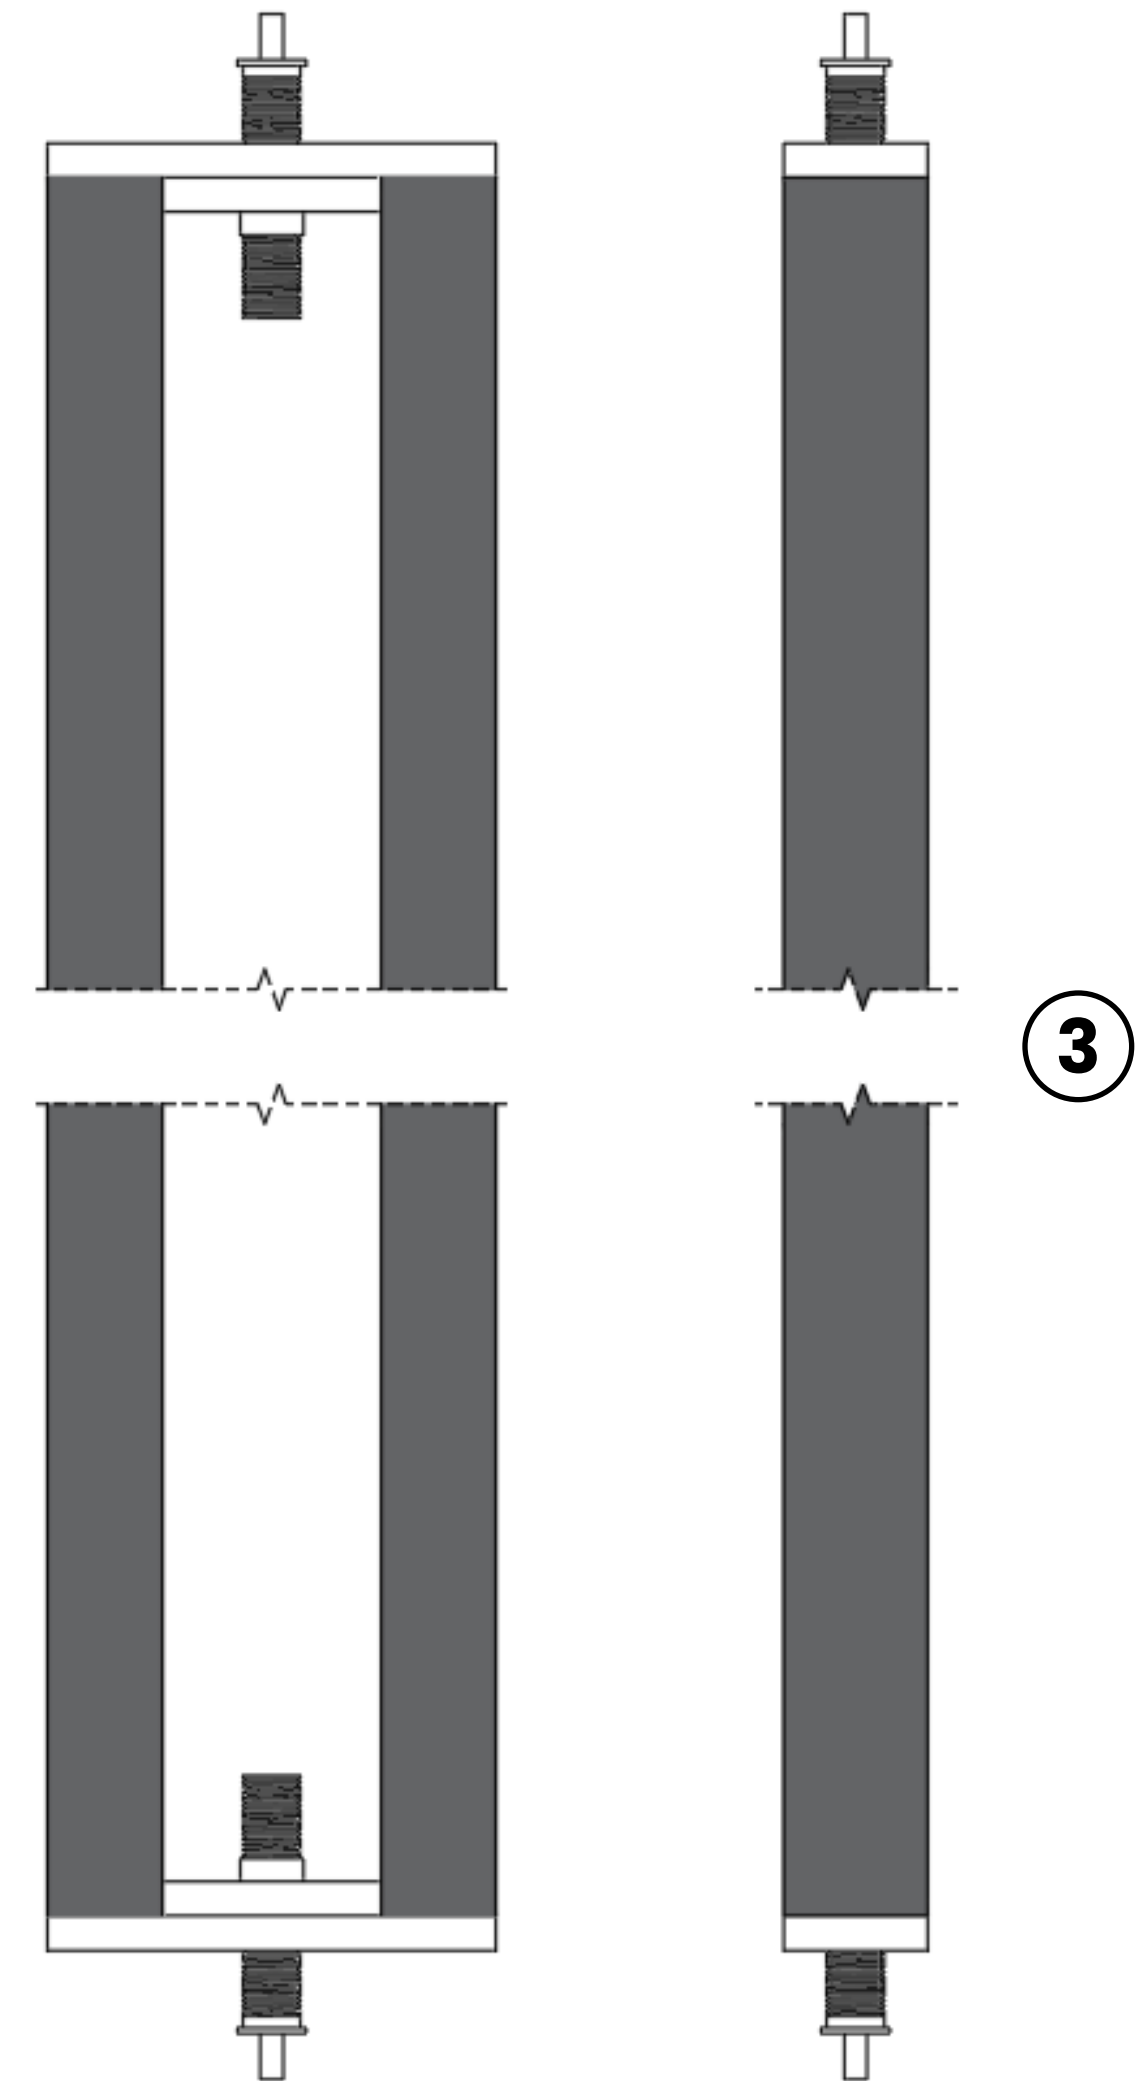

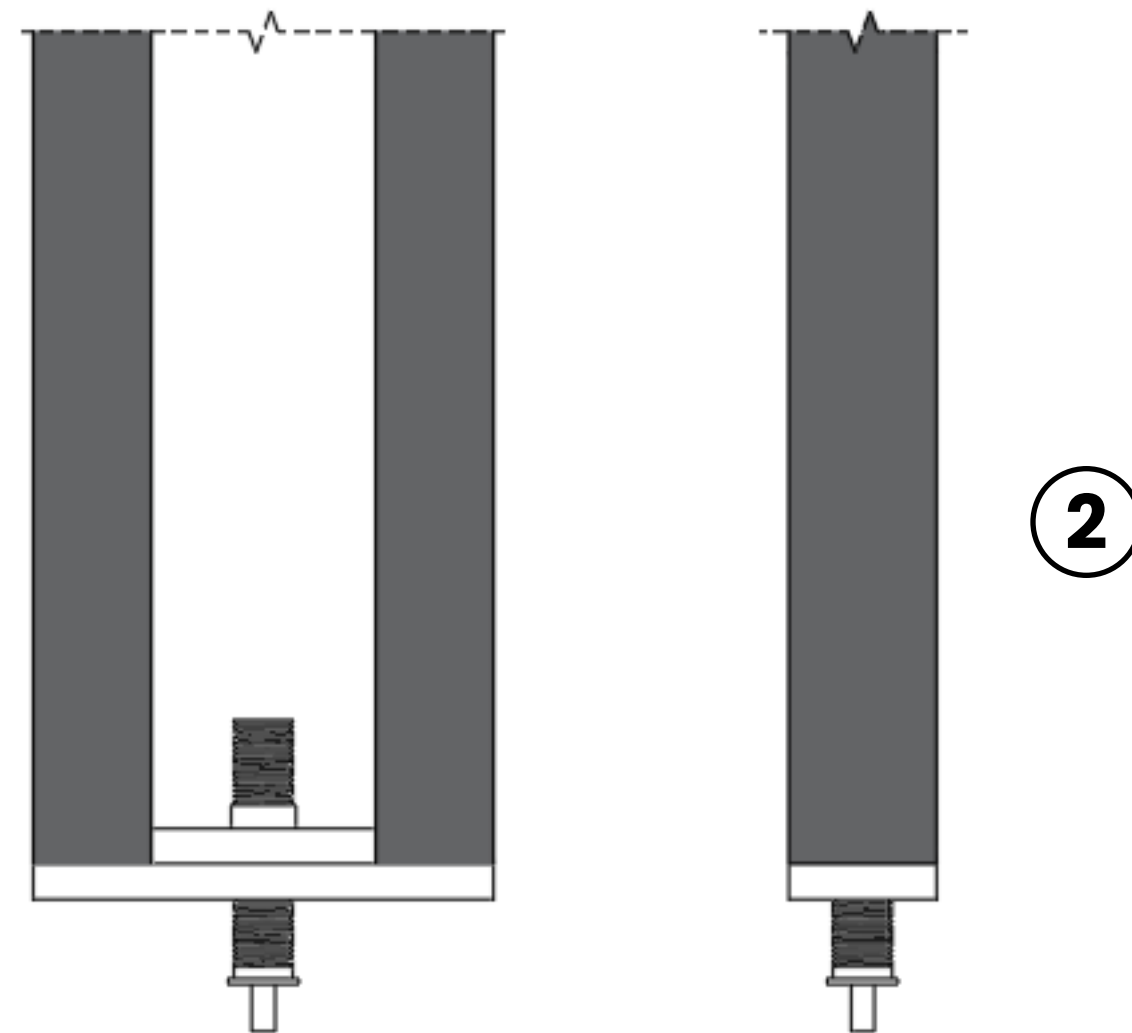

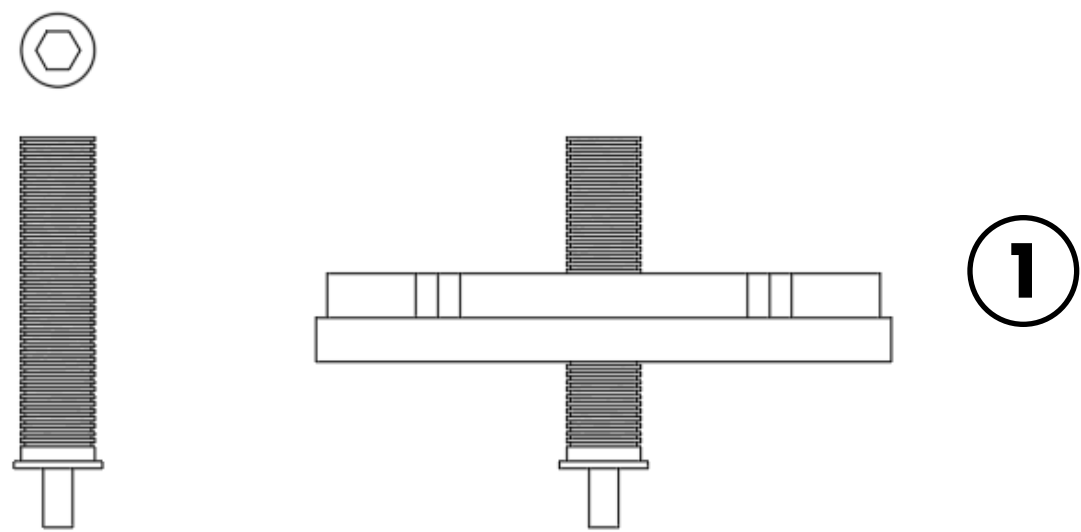

- The same fixing procedure used on the floor should be applied to the ceiling: drilling, inserting the wall plug, placing the screw, and installing the support connector.
- Make sure that the floor and ceiling support connectors are vertically aligned to allow the profiles to fit correctly.

SYSTEM INSTALLATION

Profile Assembly

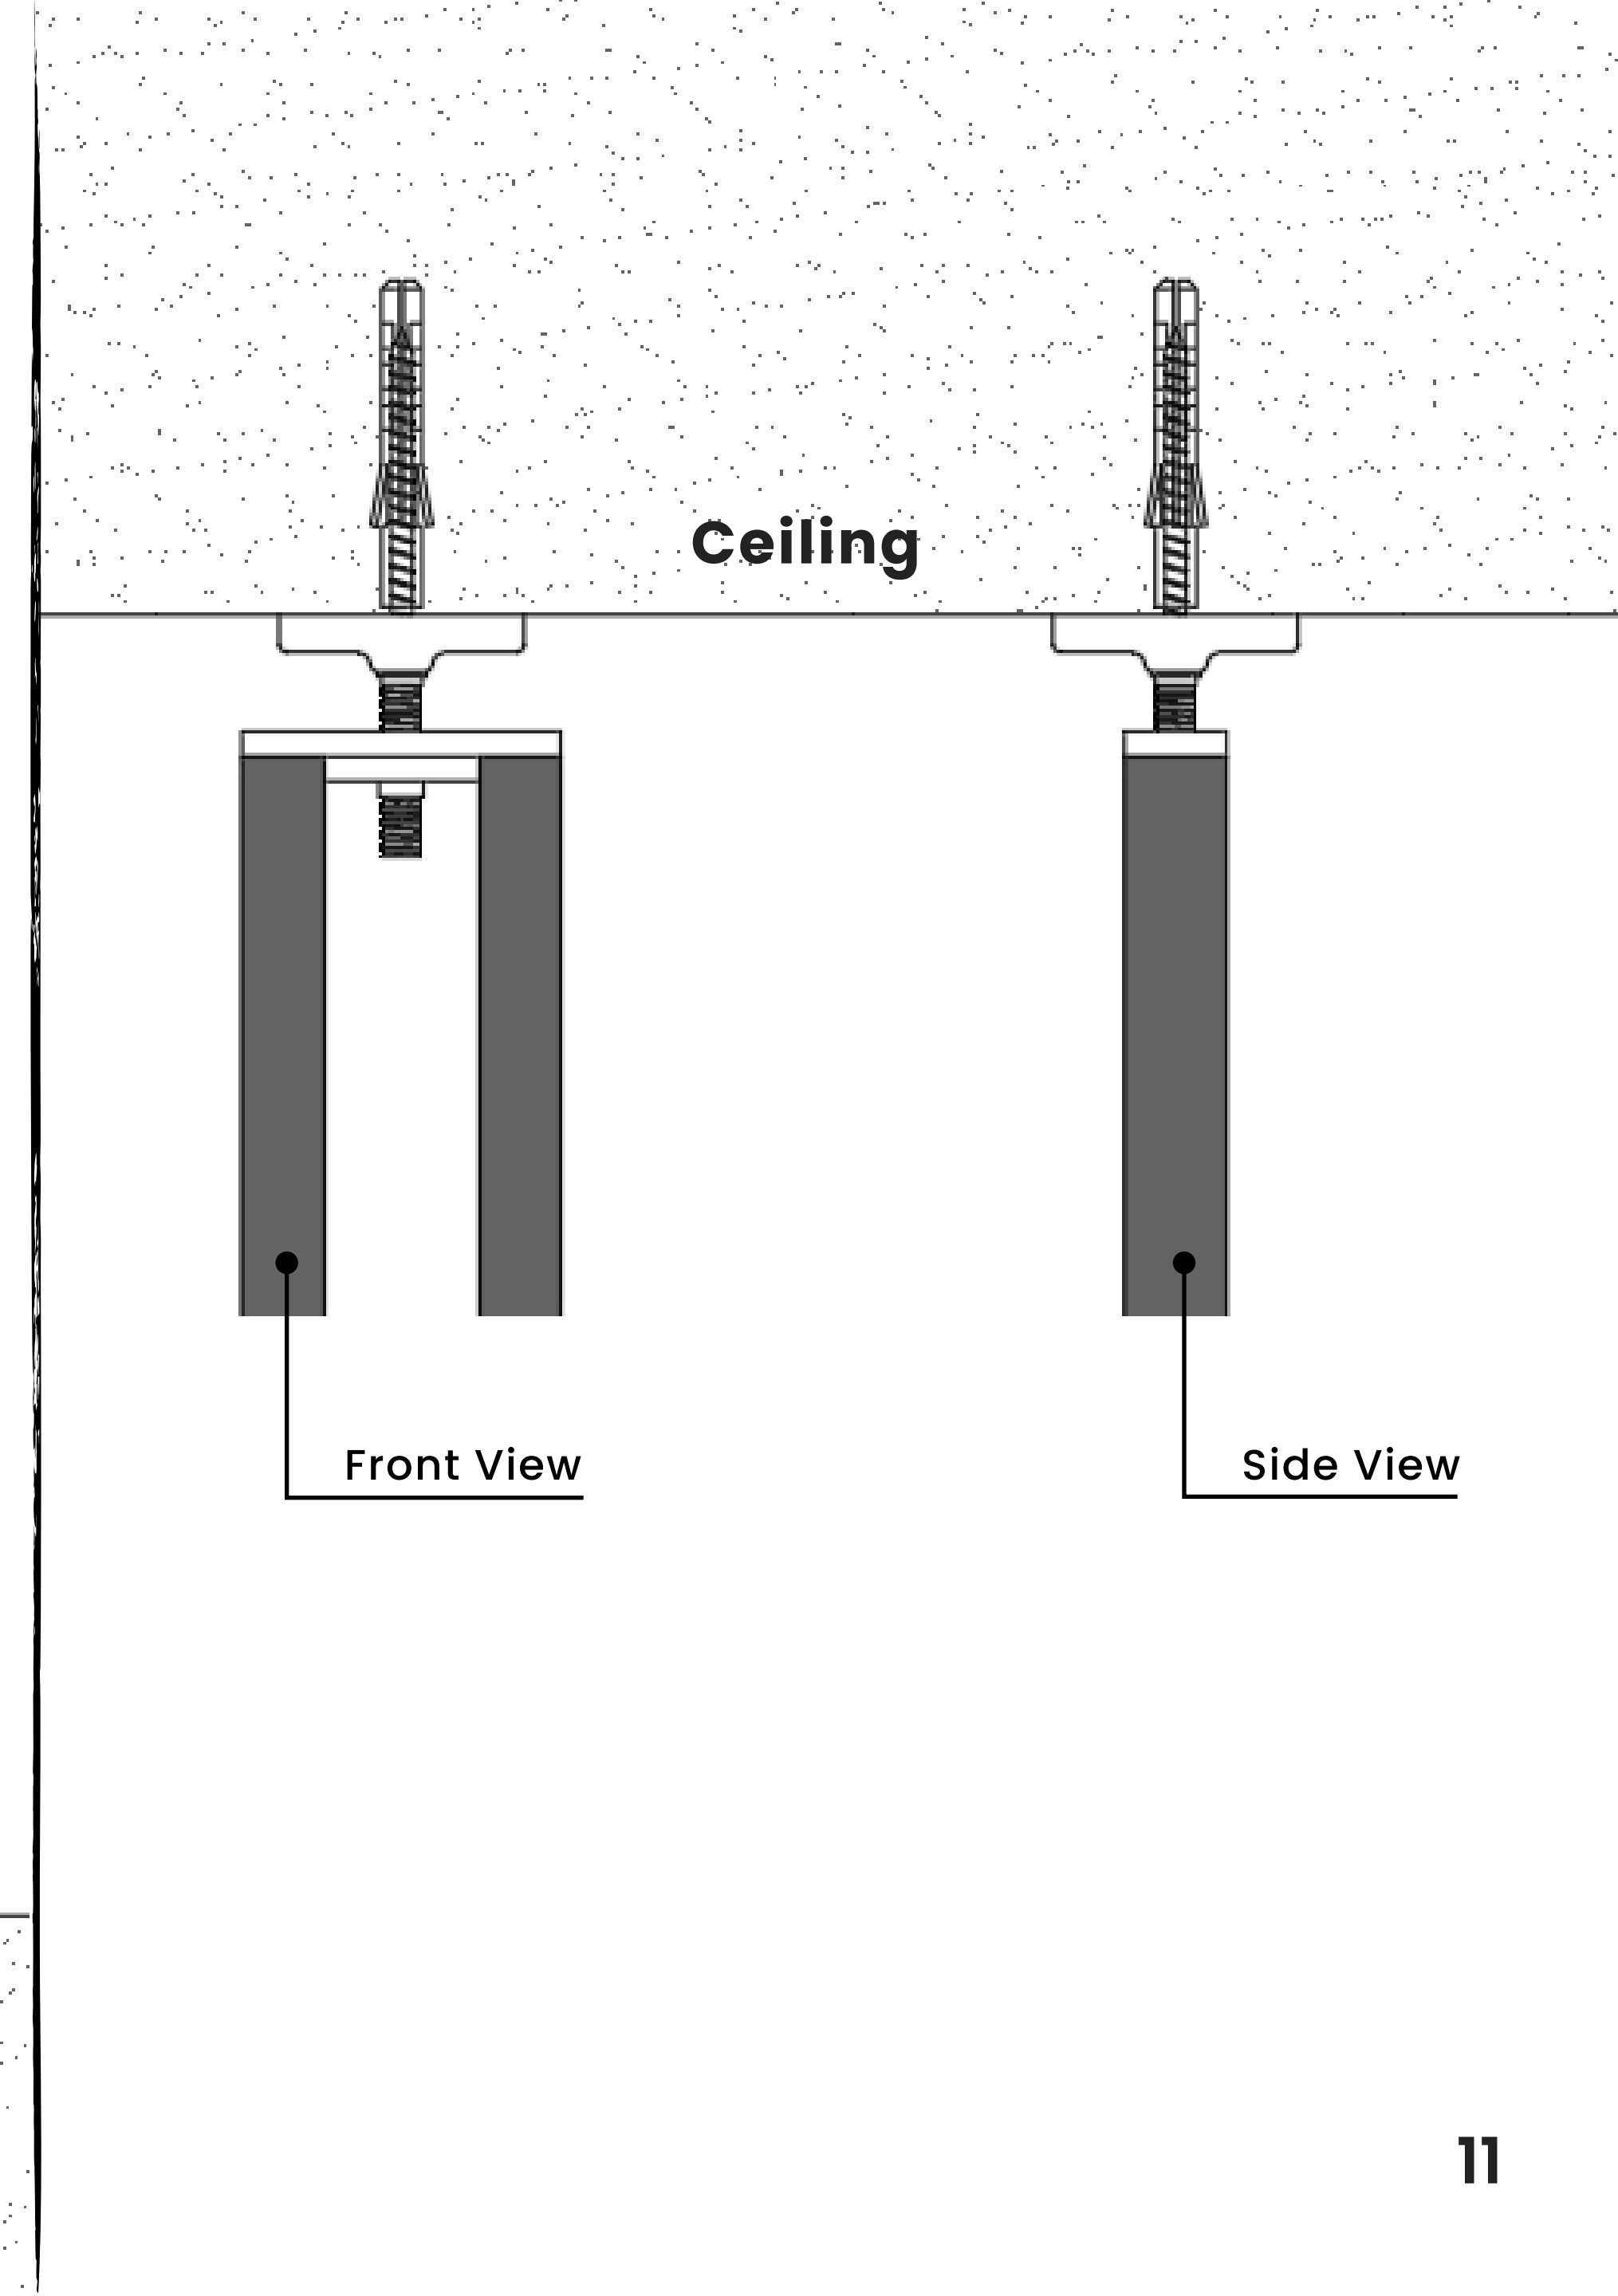

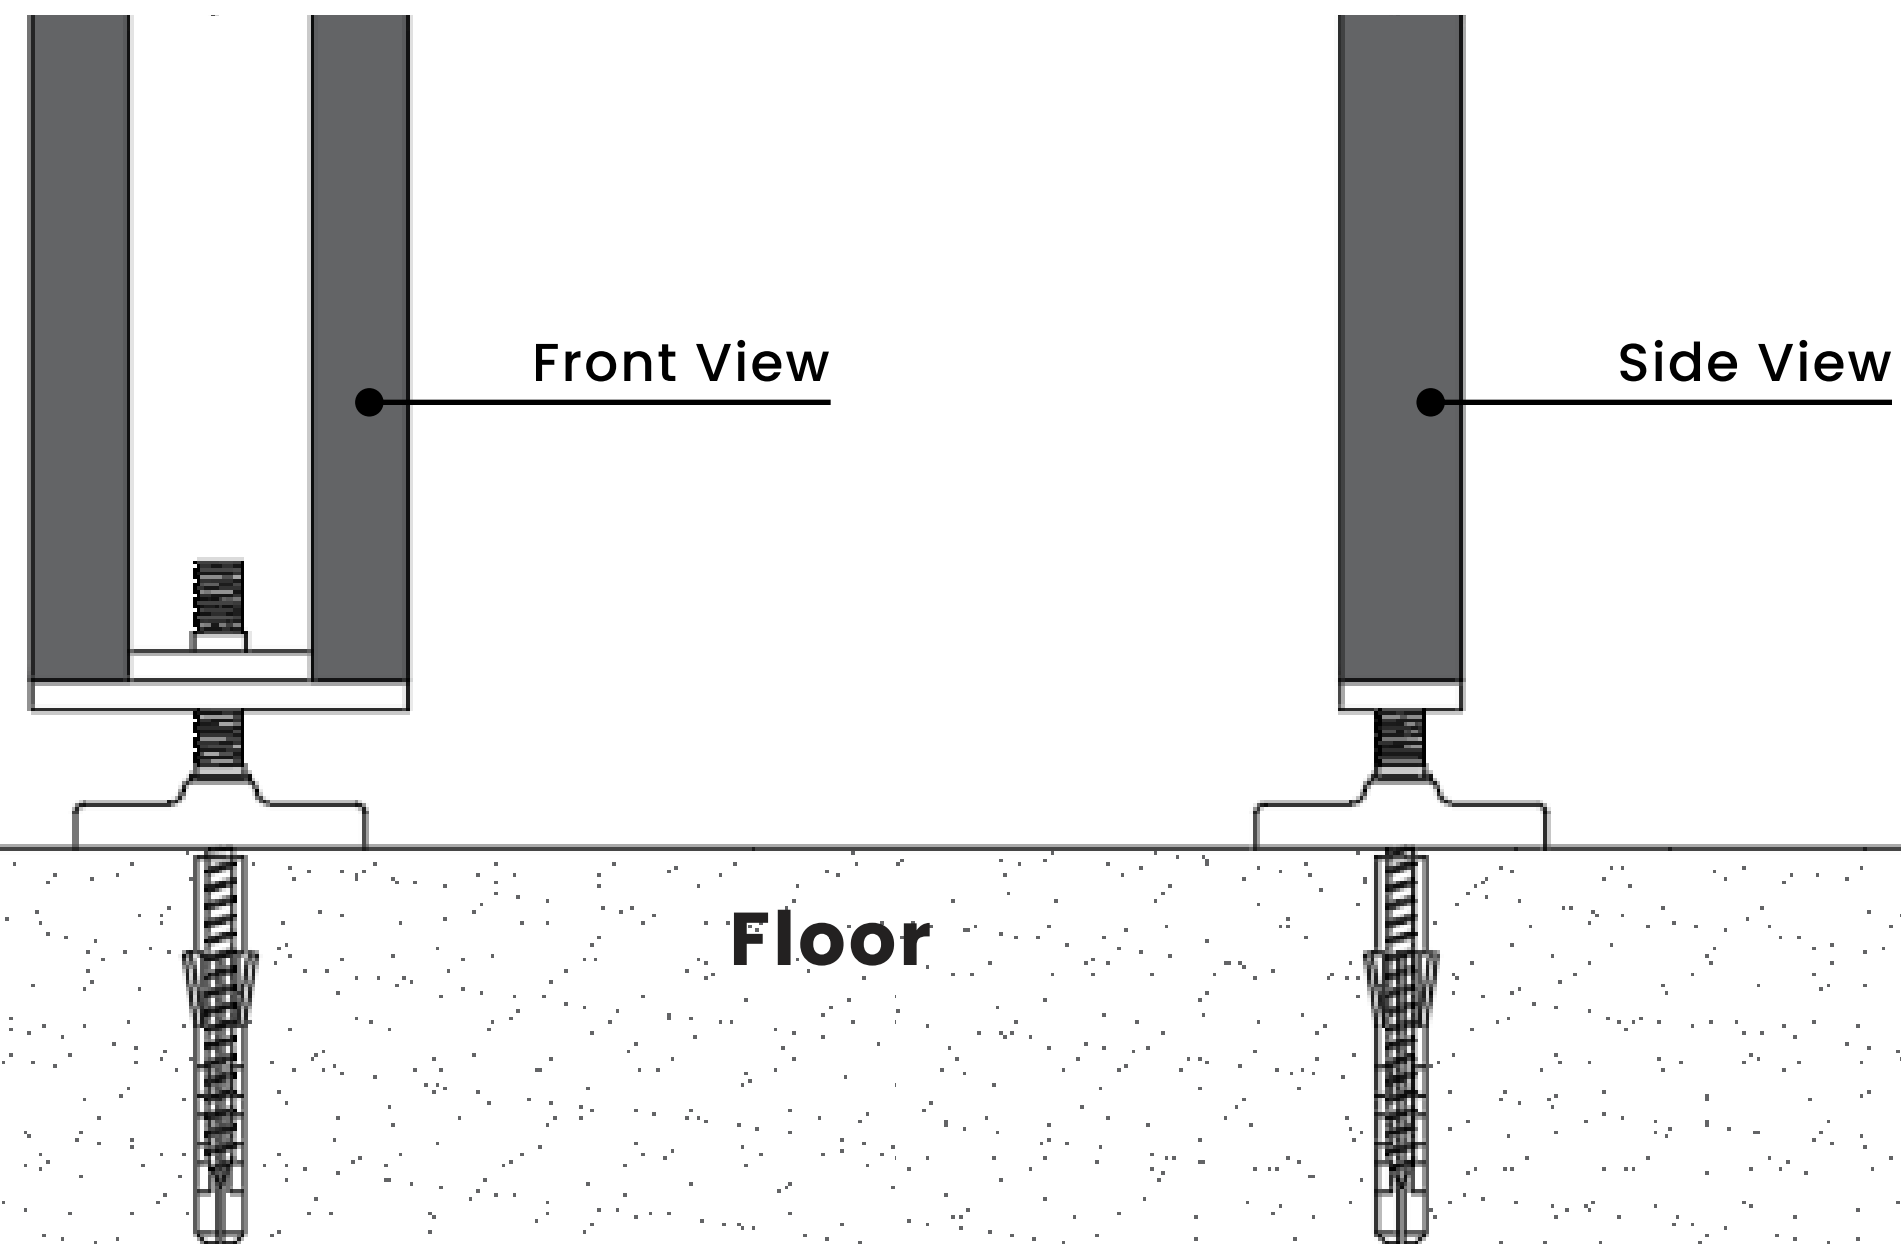

1. Fix the Up and Down connector to the screw and align it properly.
2. Fix two vertical profiles on both sides of the connector, making sure they are aligned and securely attached.
3. Attach the Top connector to the upper end of the profile, then fix the screw on it.

SYSTEM INSTALLATION

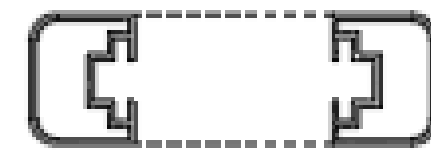

System Fixing Steps

Secure the entire system to the support structure installed on the floor and the ceiling.

• **Front View:** Showing the assembly of aluminium profiles fixed to the support system

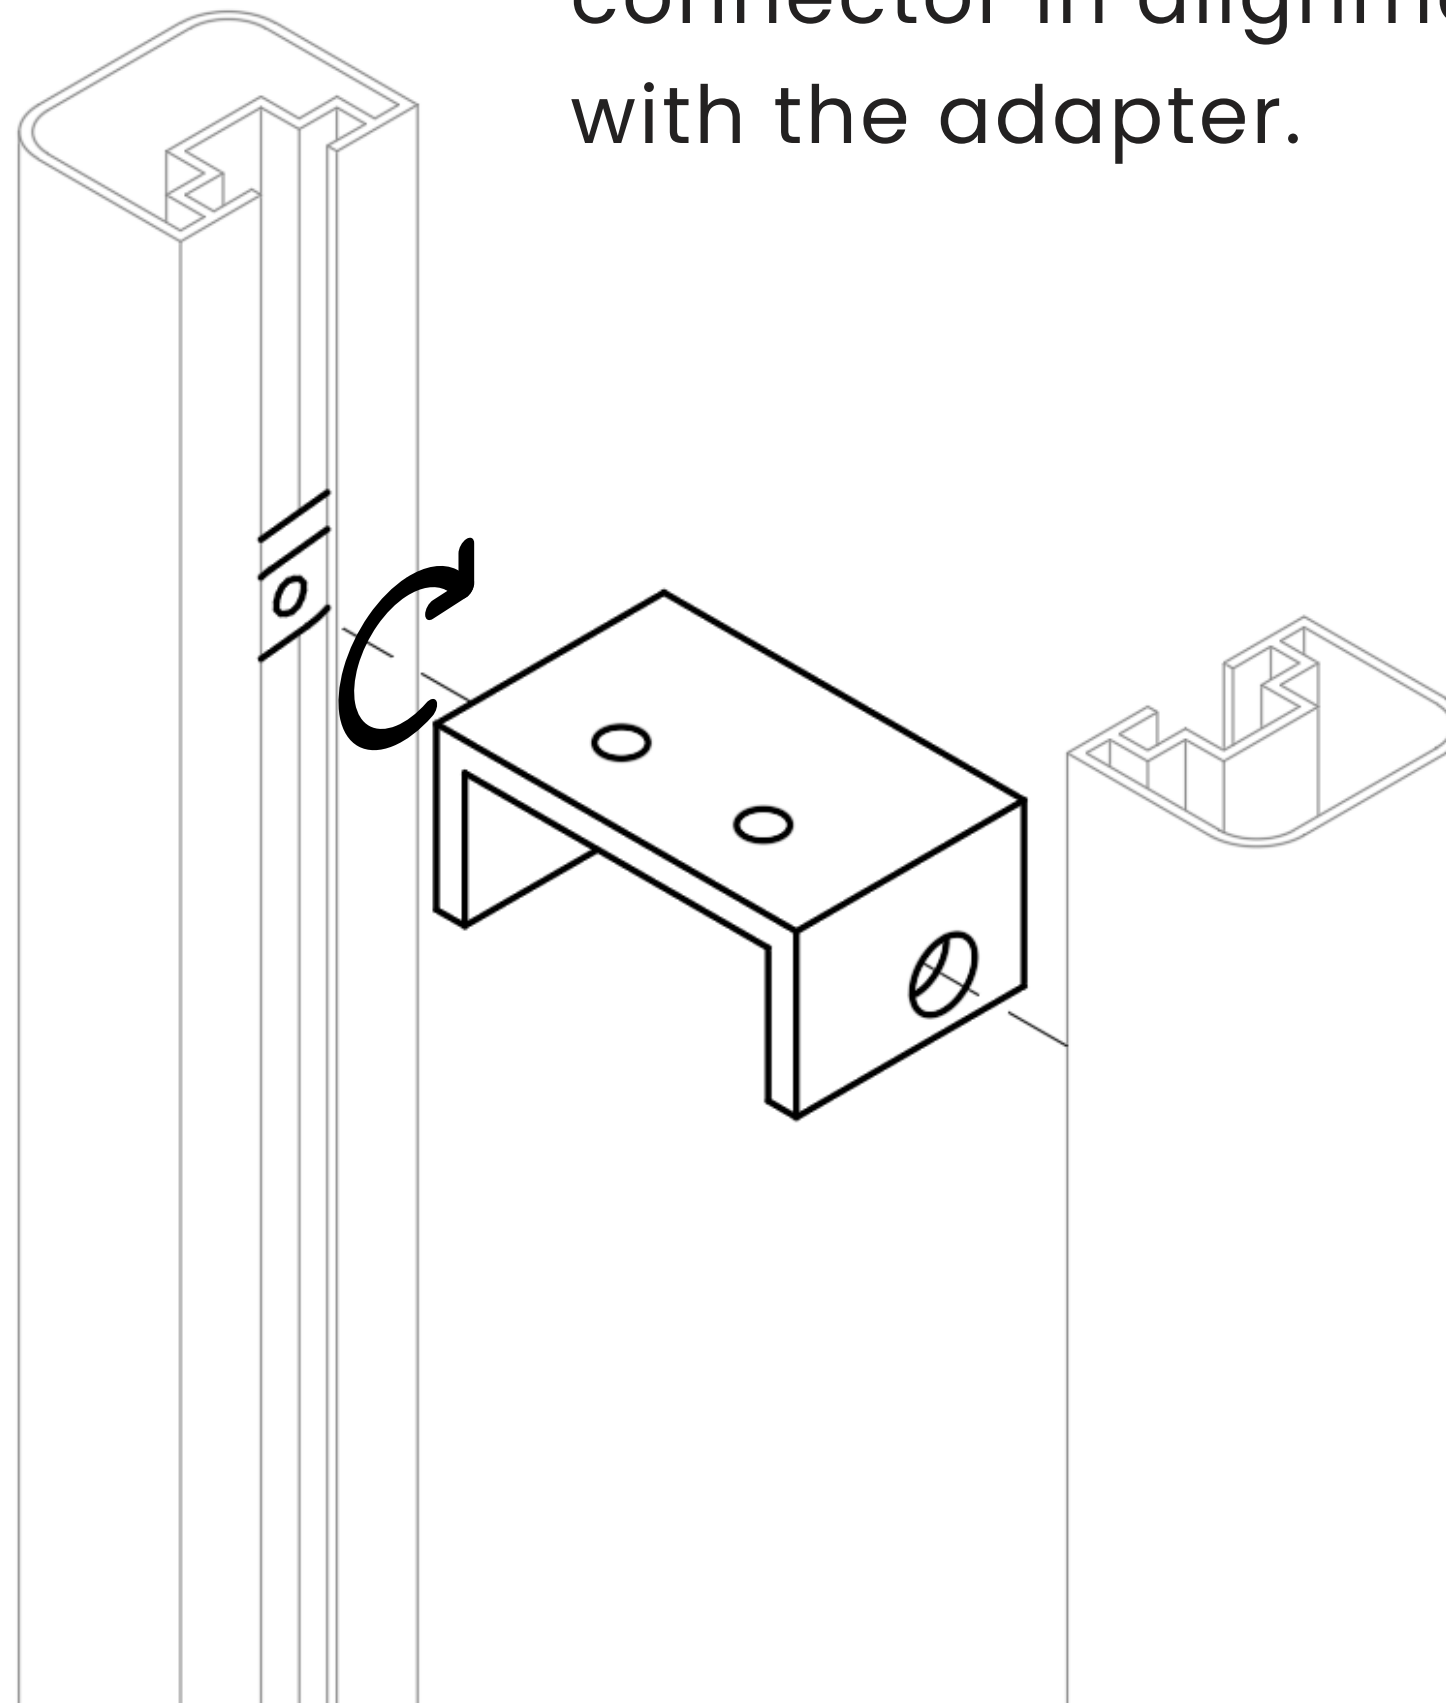

ITEMS INSTALLATION

One-Way Connector

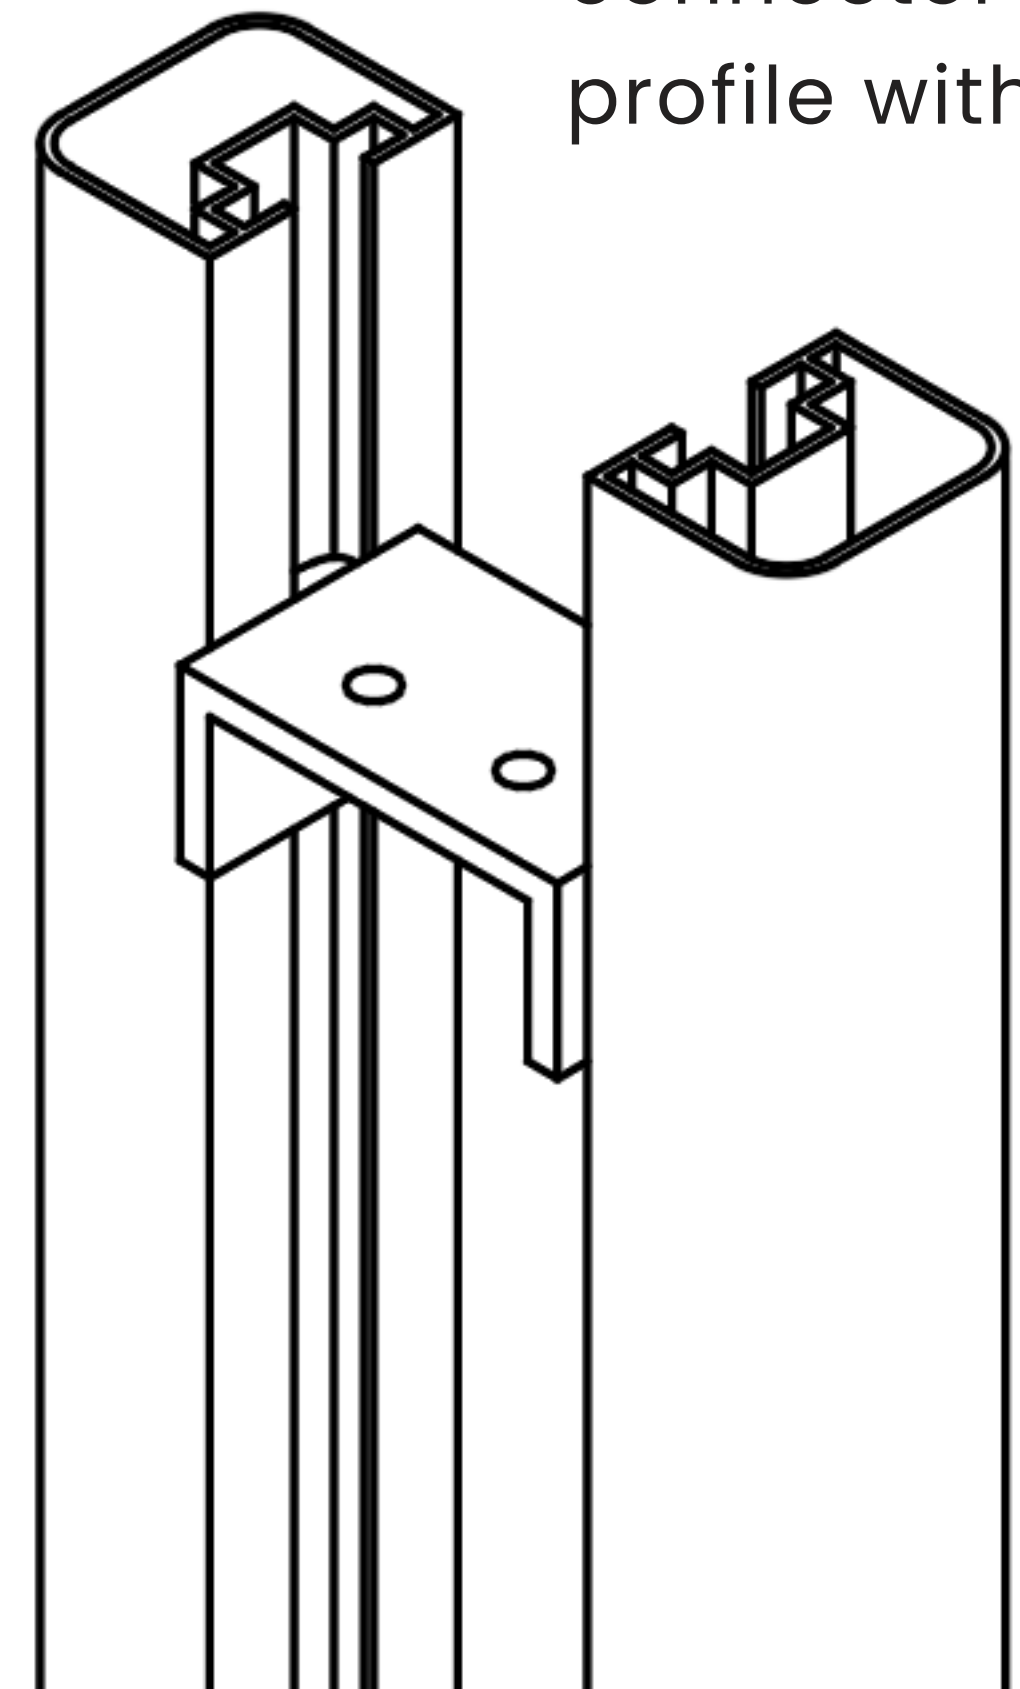

1. Insert the screw adapter into the profile groove.

2. Position the one-way connector in alignment with the adapter.

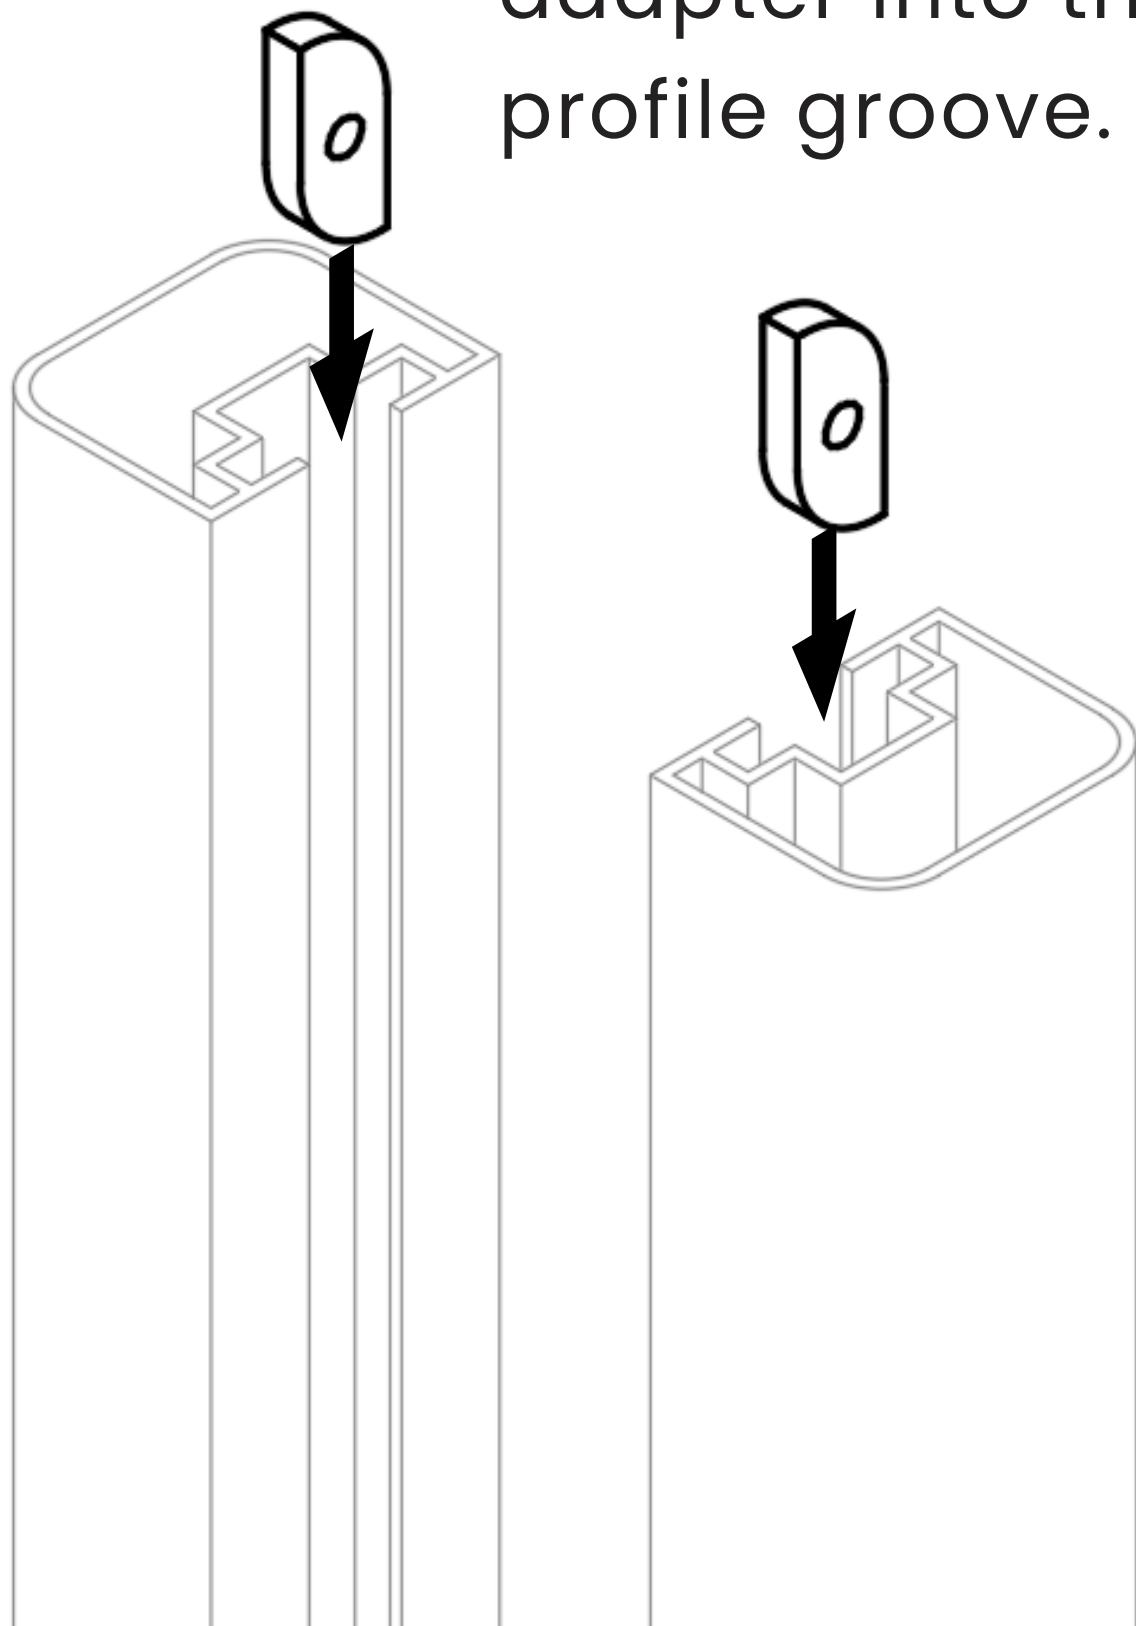

3. Secure the connector to the profile with screws.

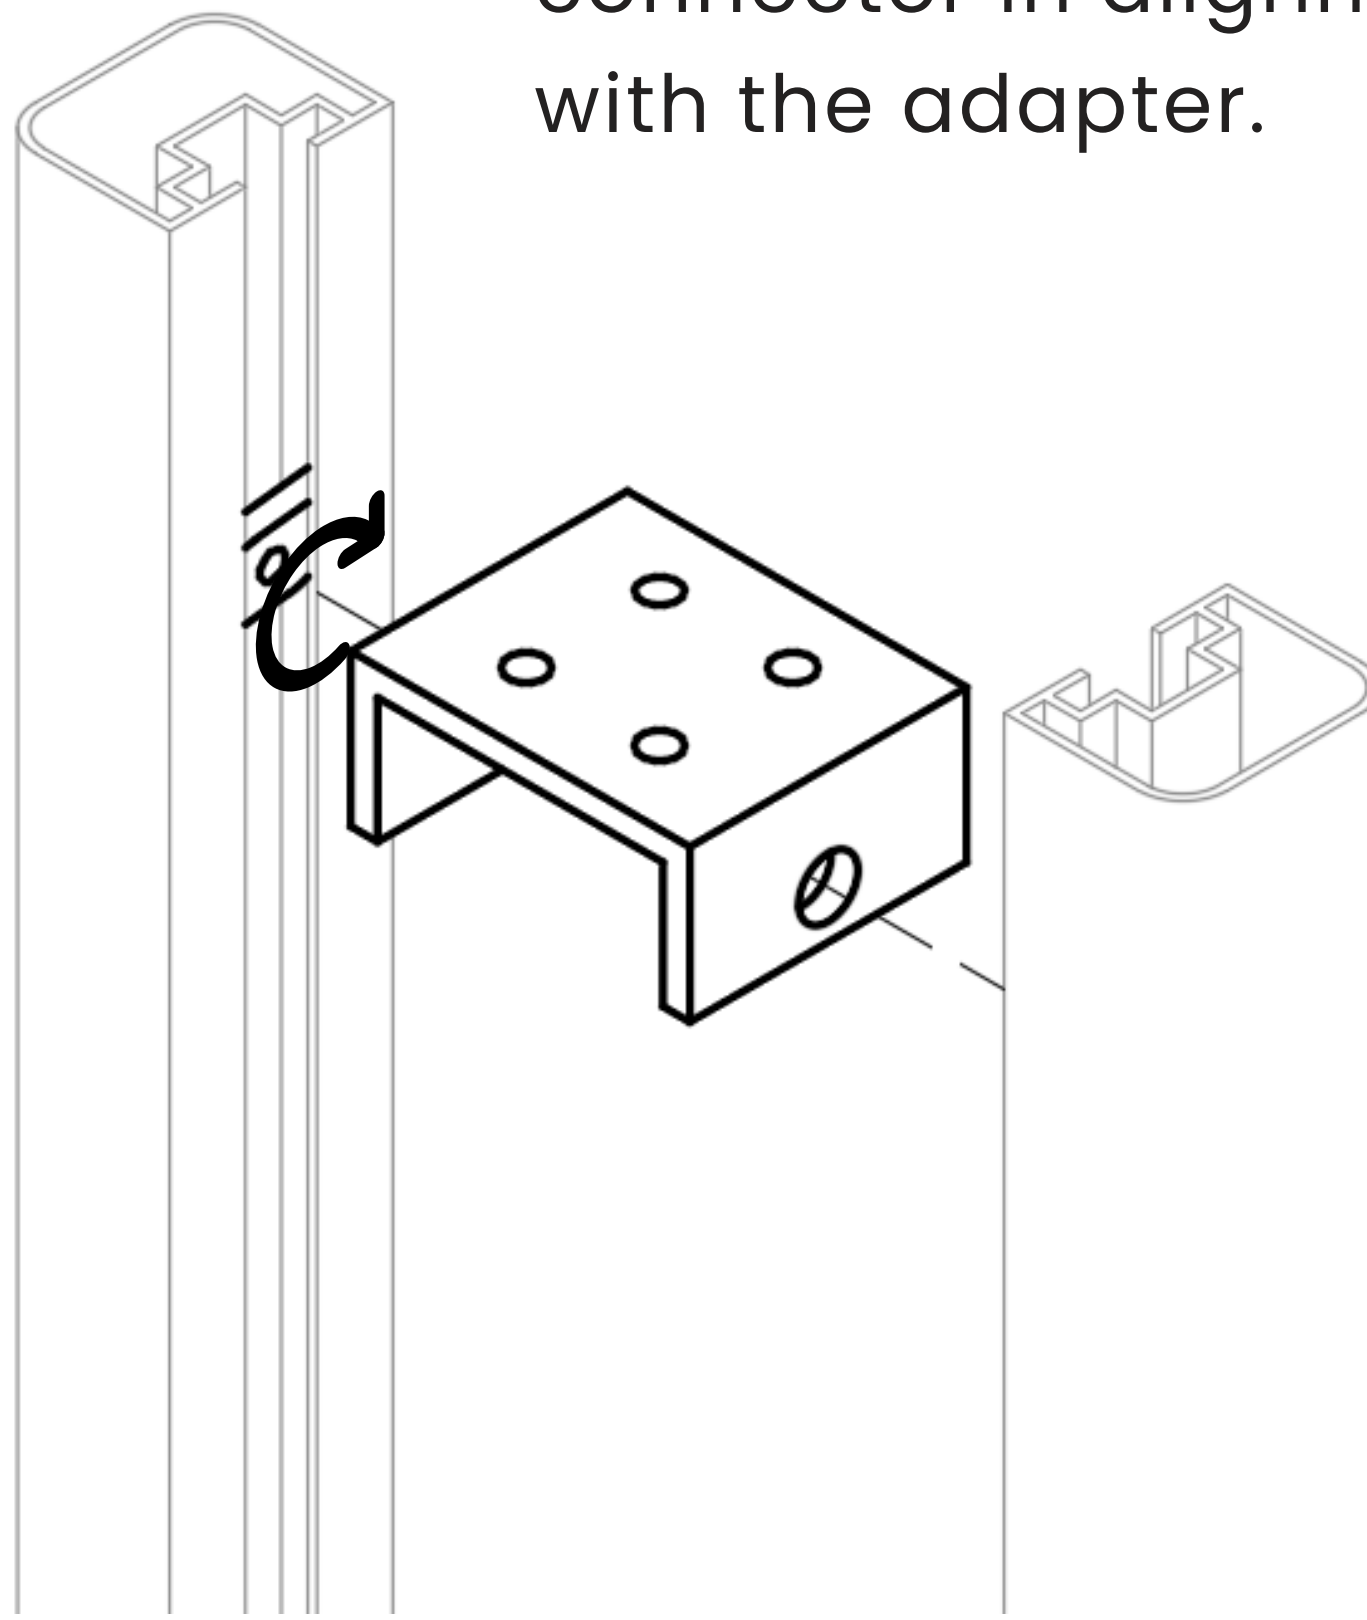

ITEMS INSTALLATION

Two-Way Connector

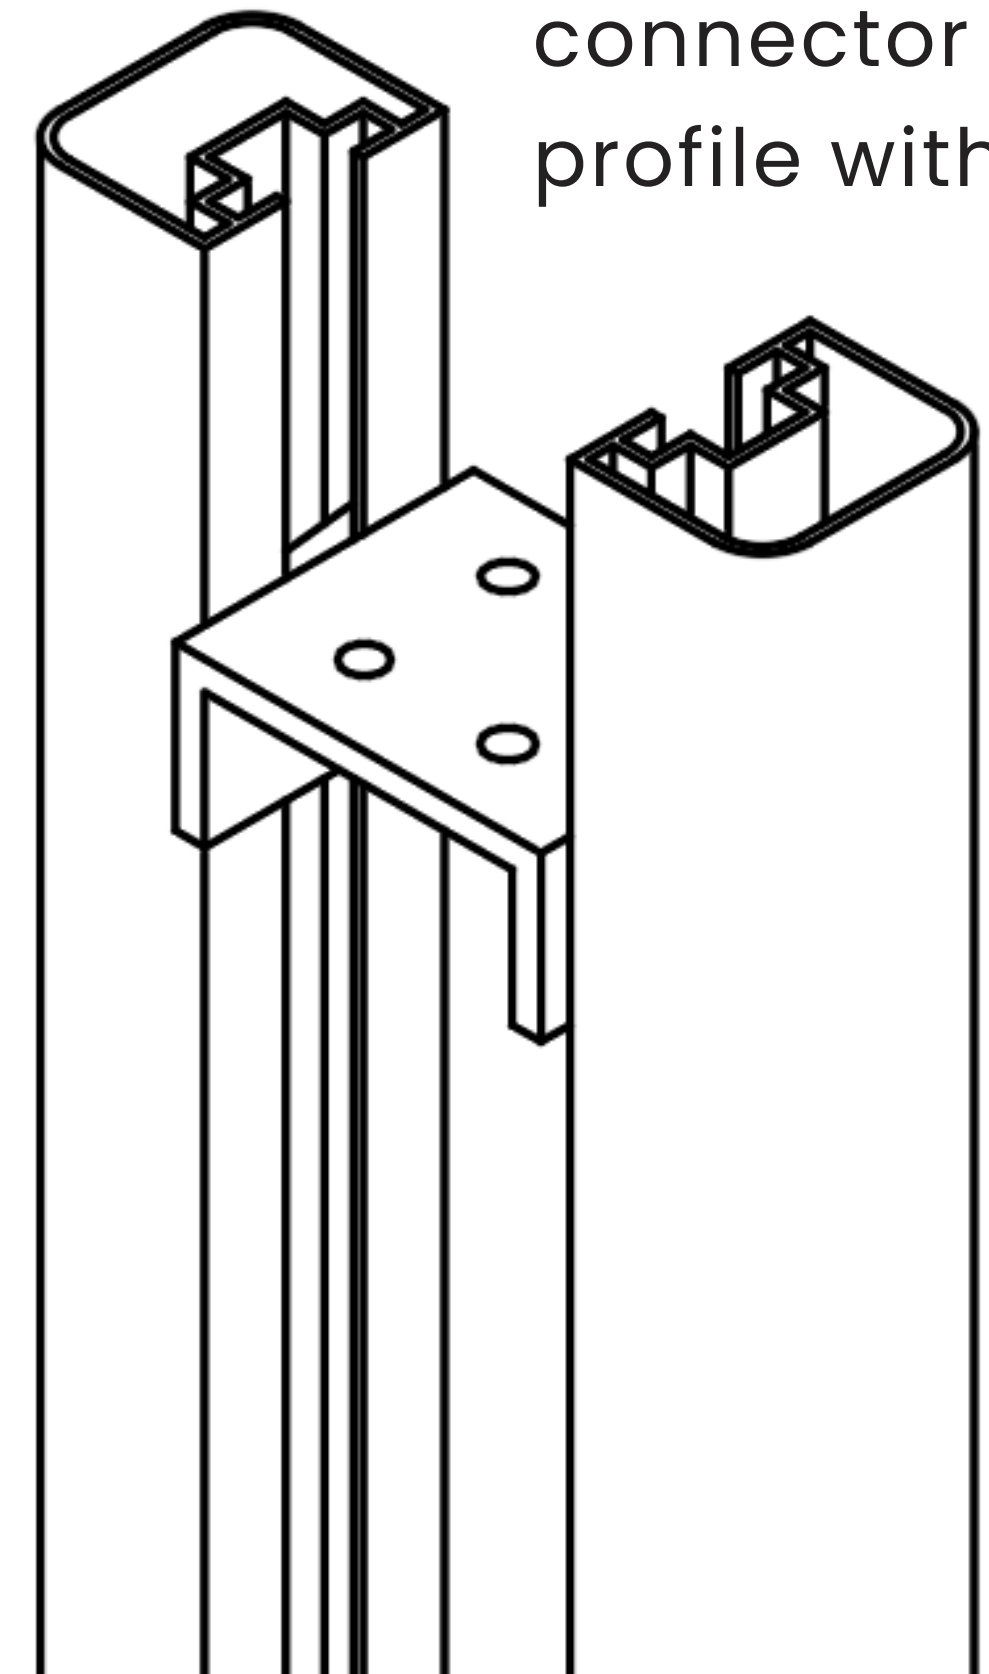

1. Insert the screw adapter into the profile groove.

2. Position the two-way connector in alignment with the adapter.

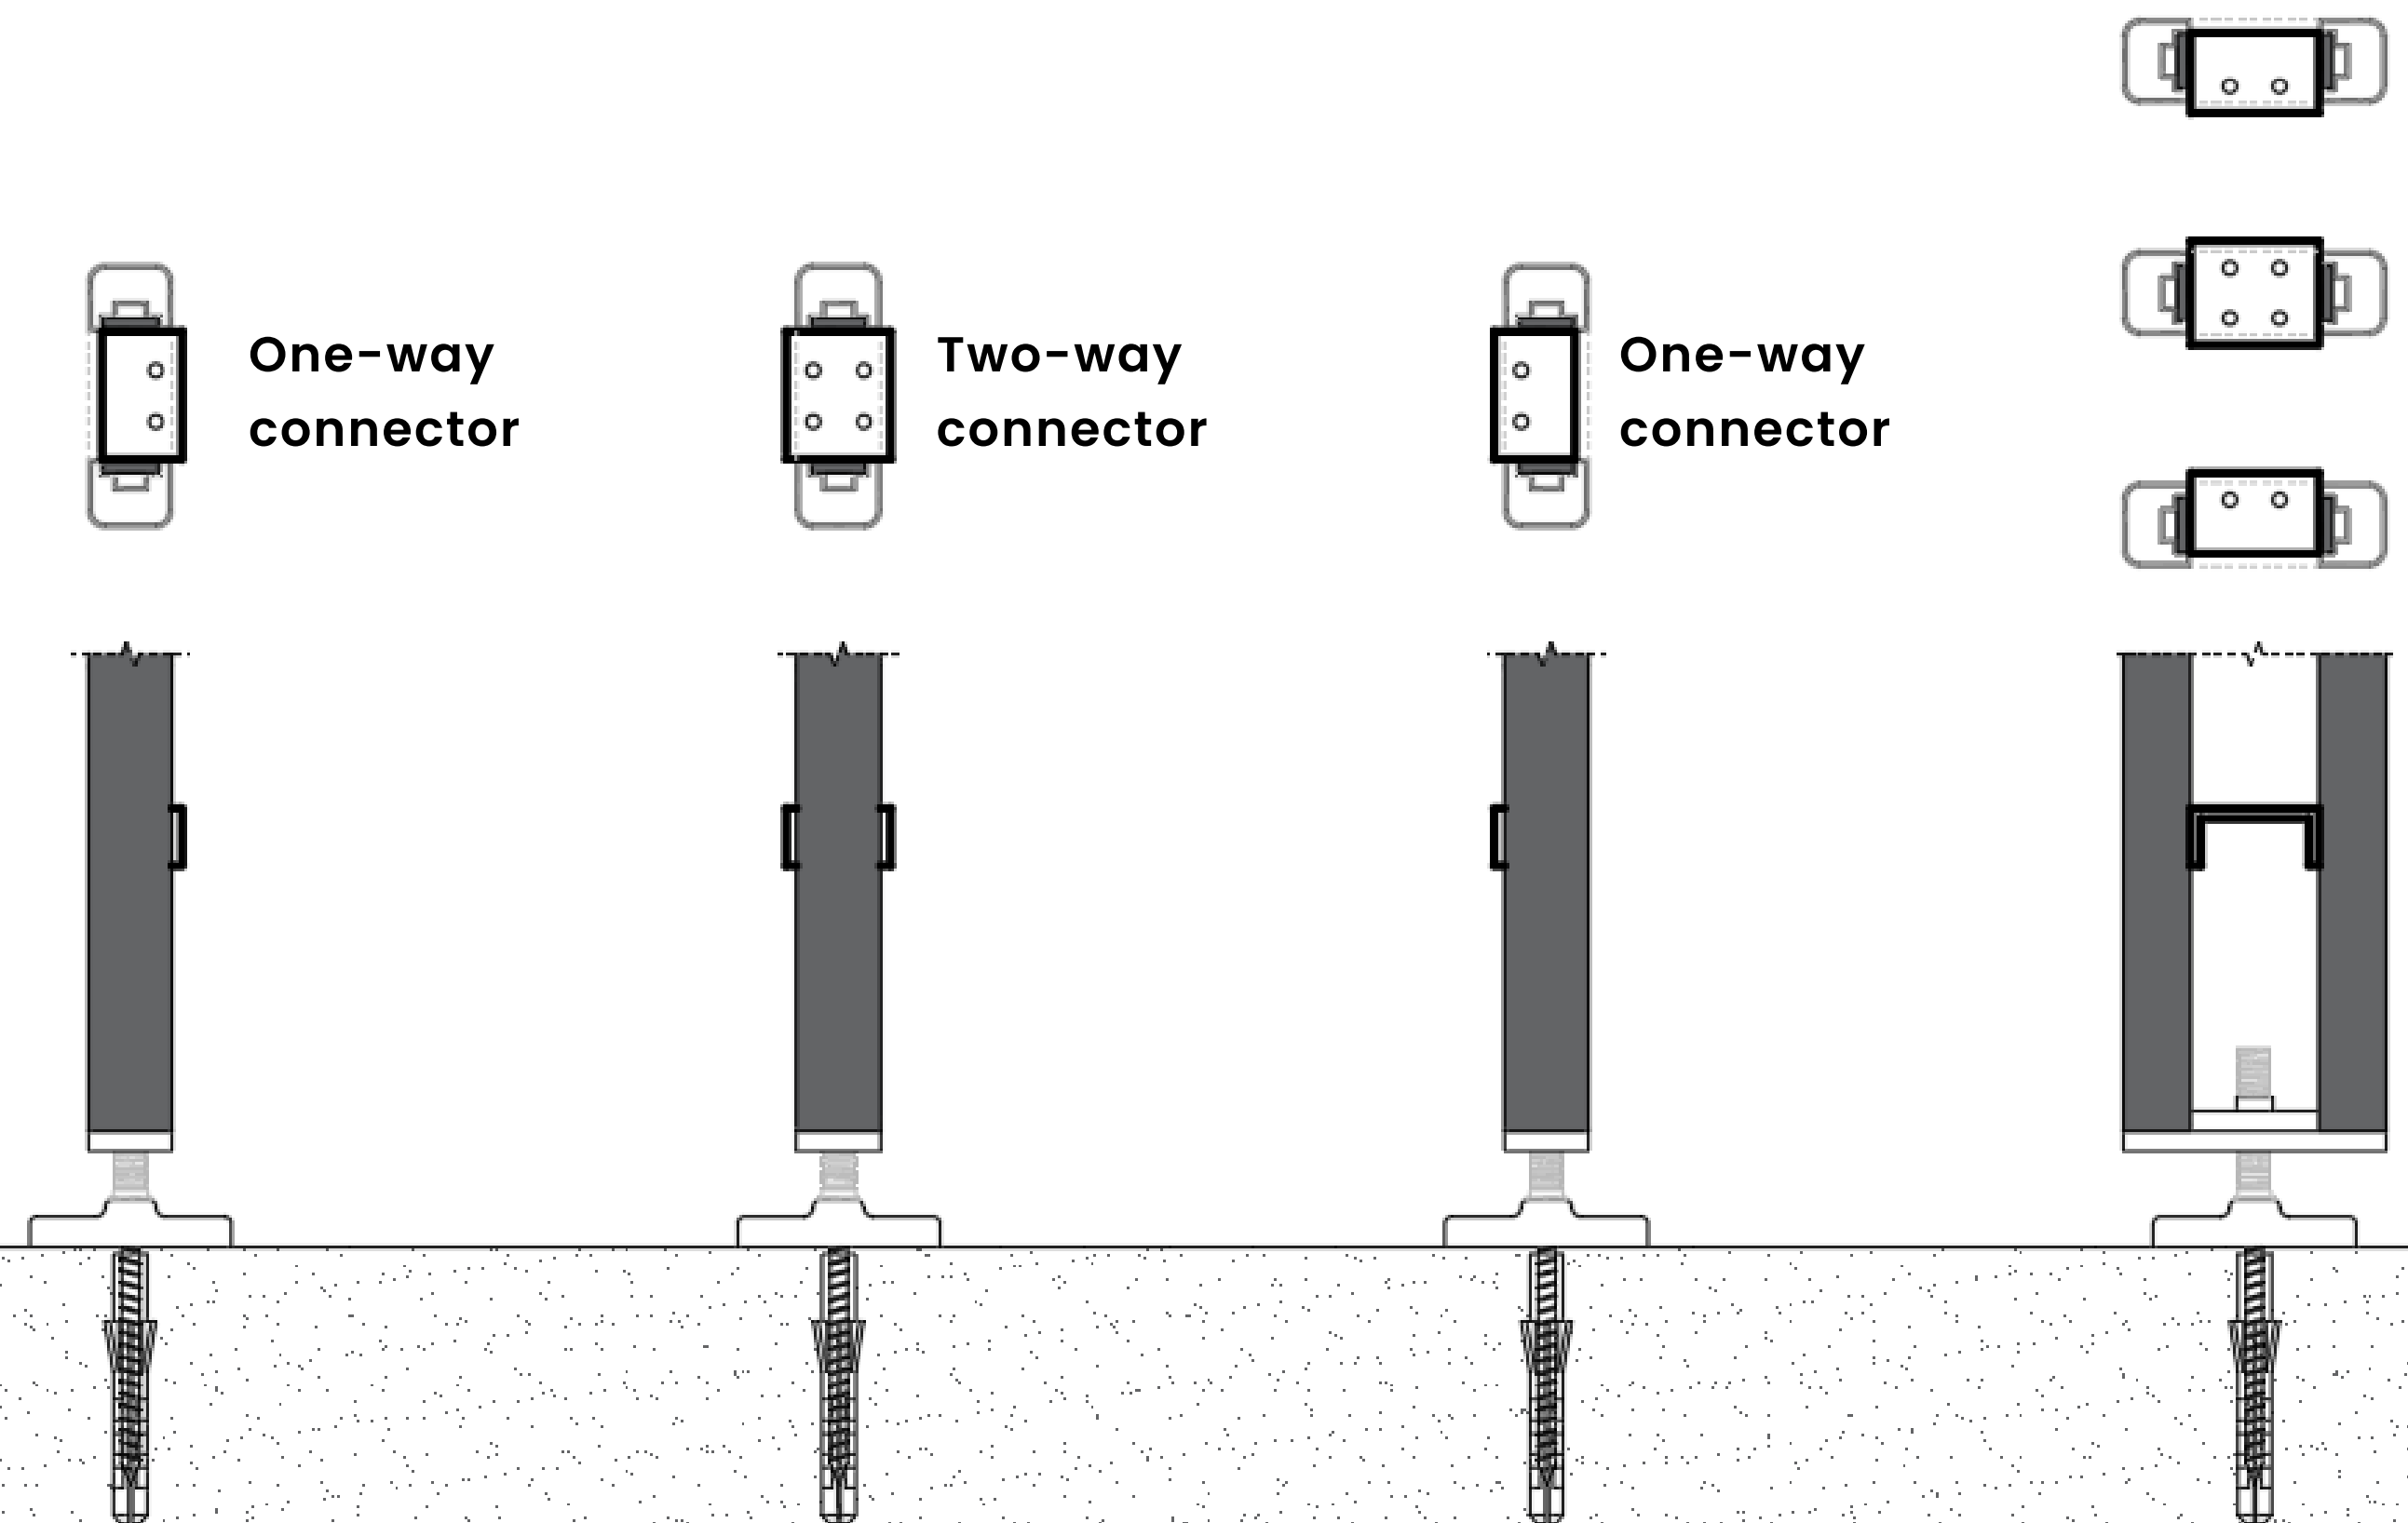

3. Secure the connector to the profile with screws.

ITEMS INSTALLATION

Connectors Fixing

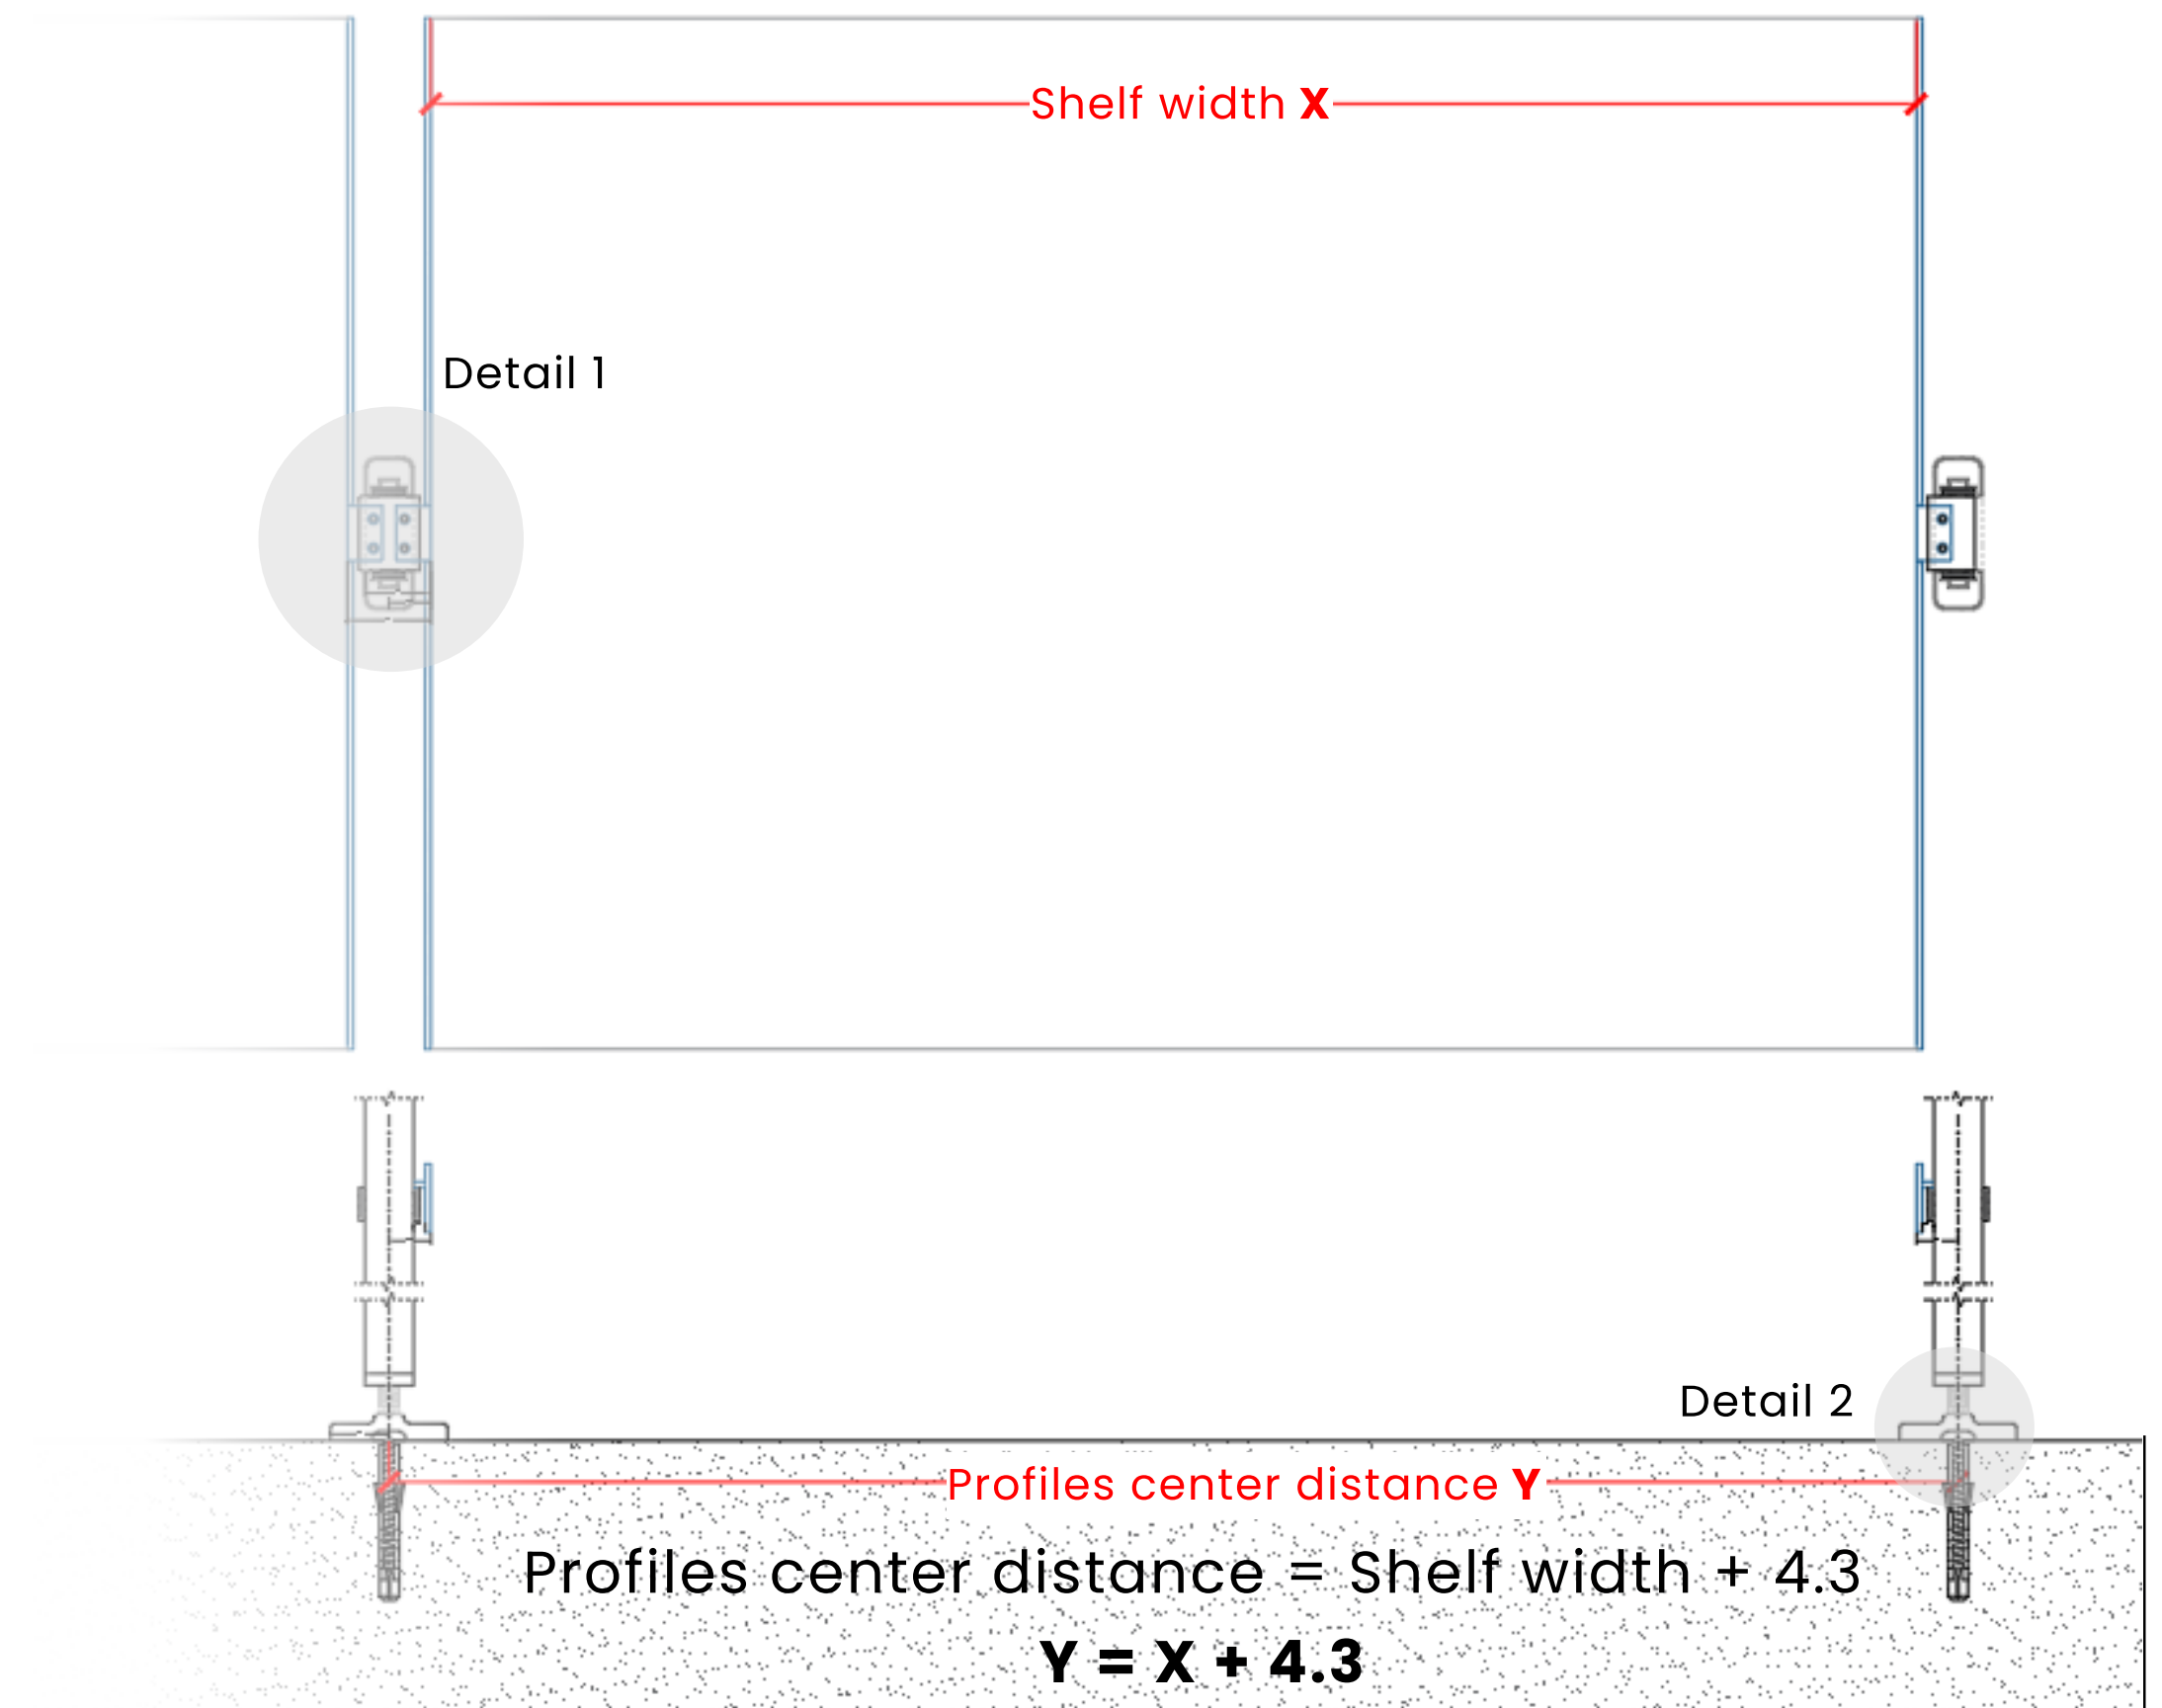

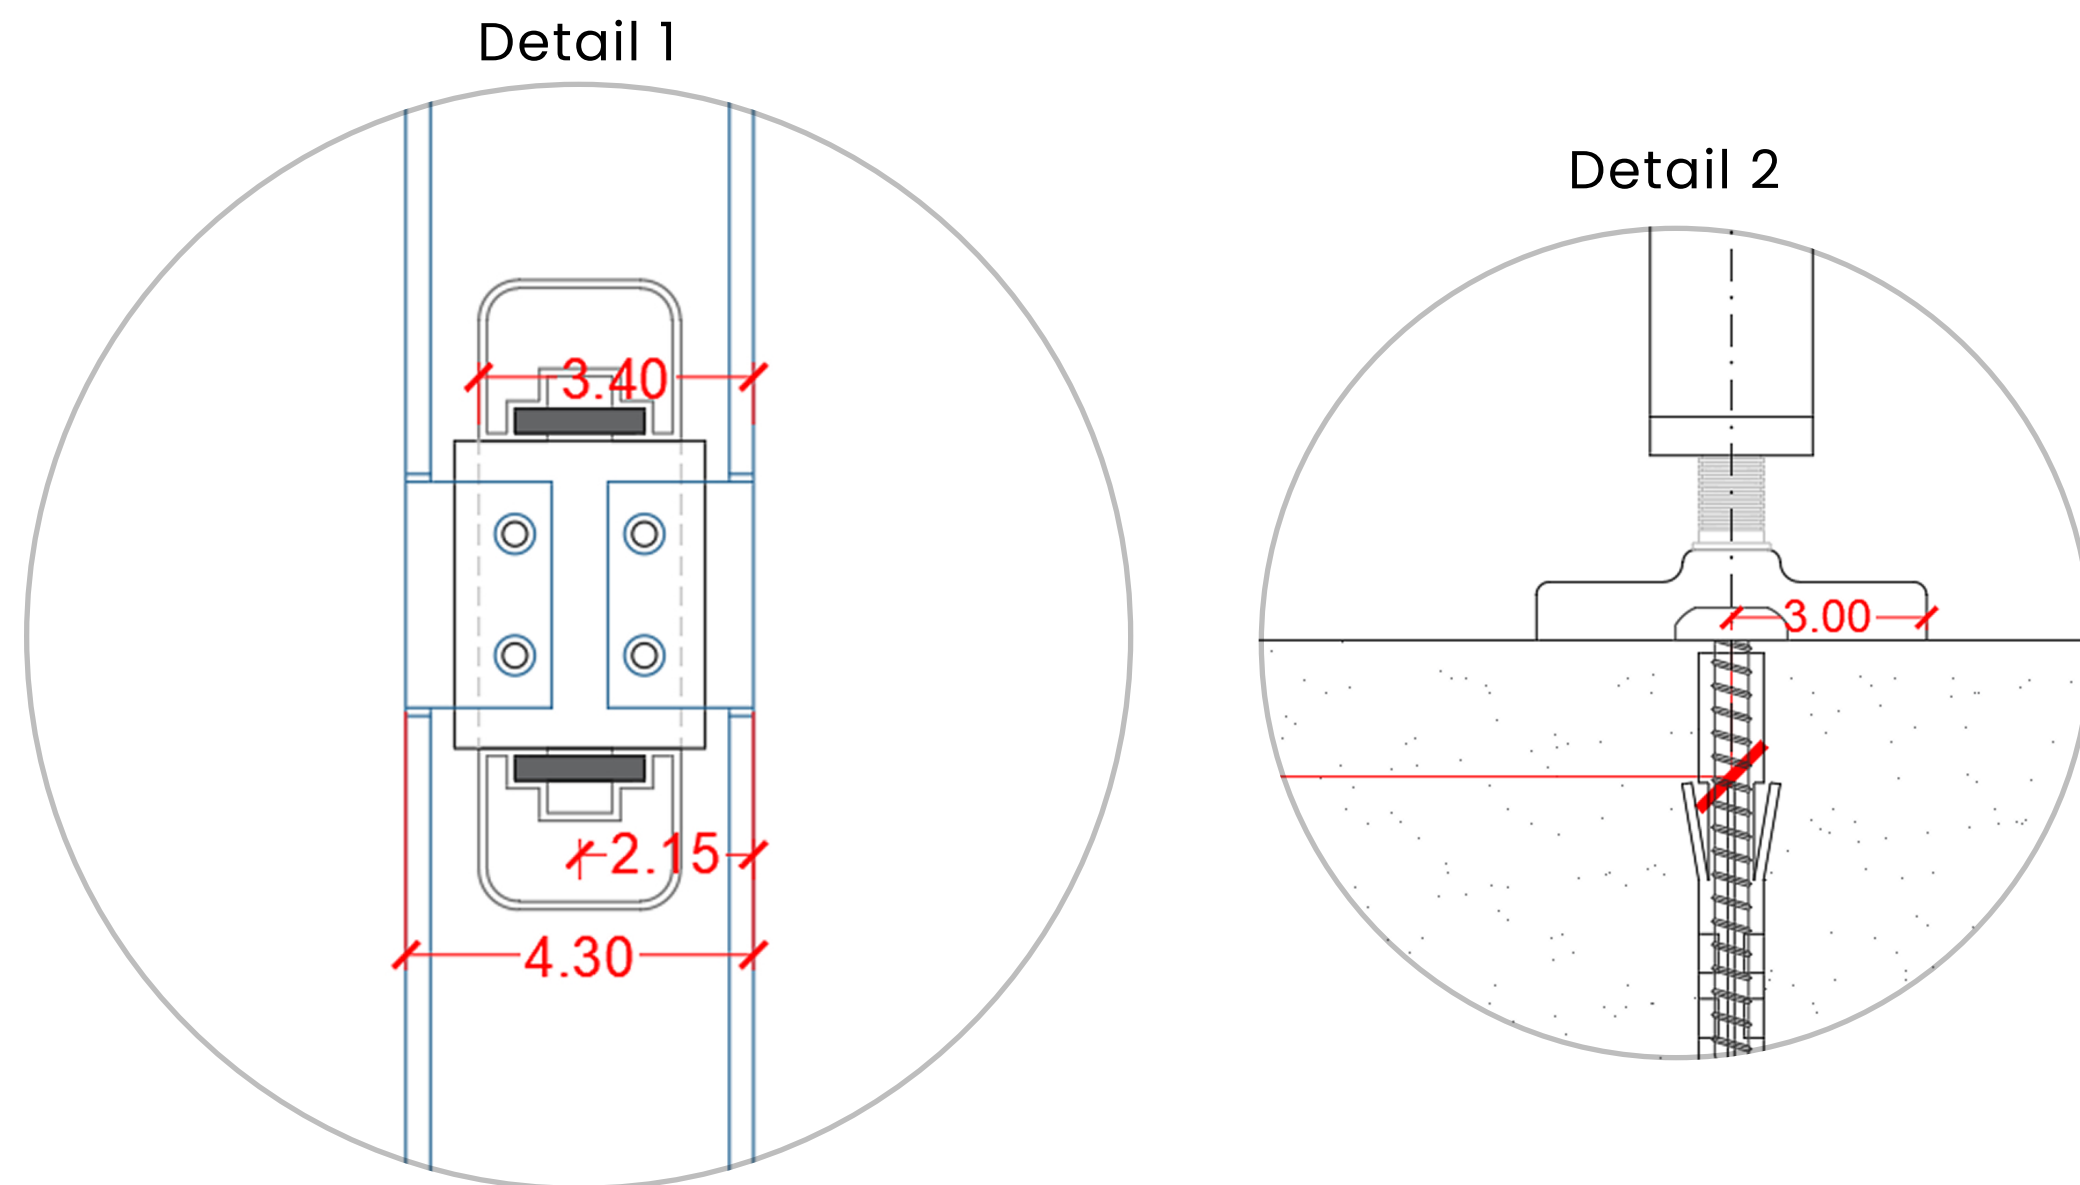

The top, side, and elevation views demonstrate the proper installation of one-way and two-way connectors on the profiles.

ITEMS INSTALLATION

Shelf Connector, Connector with hanger

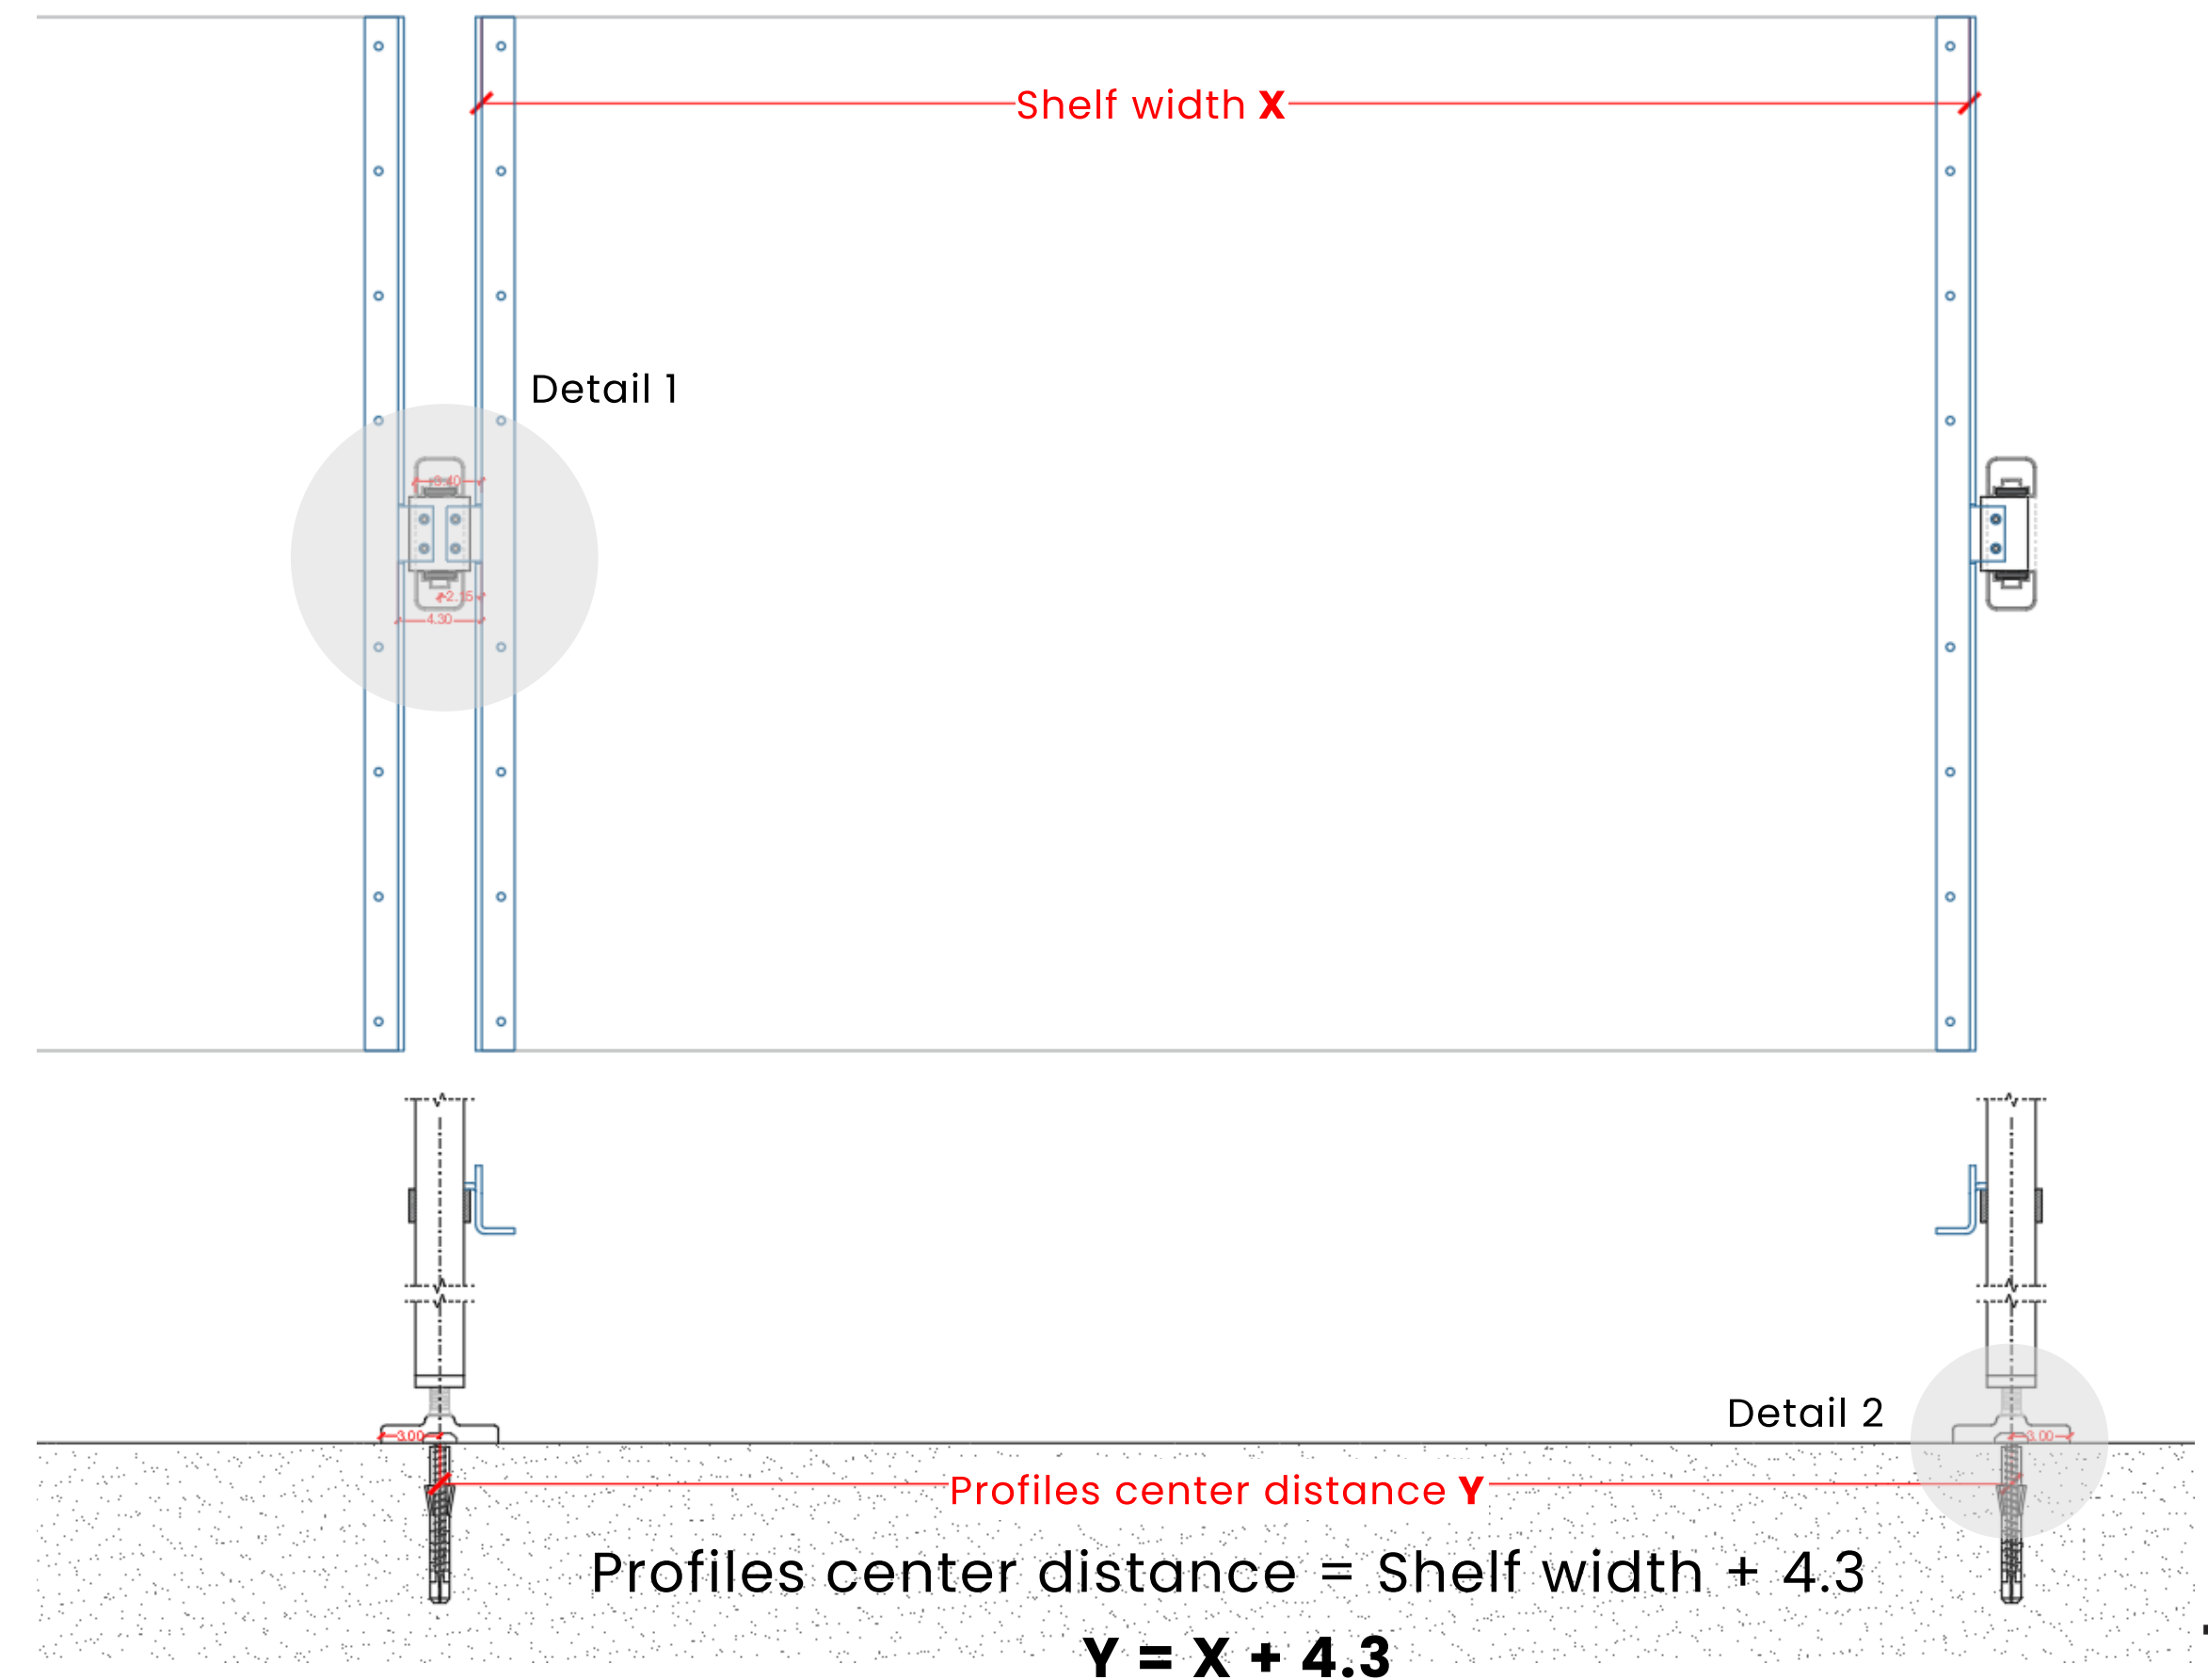

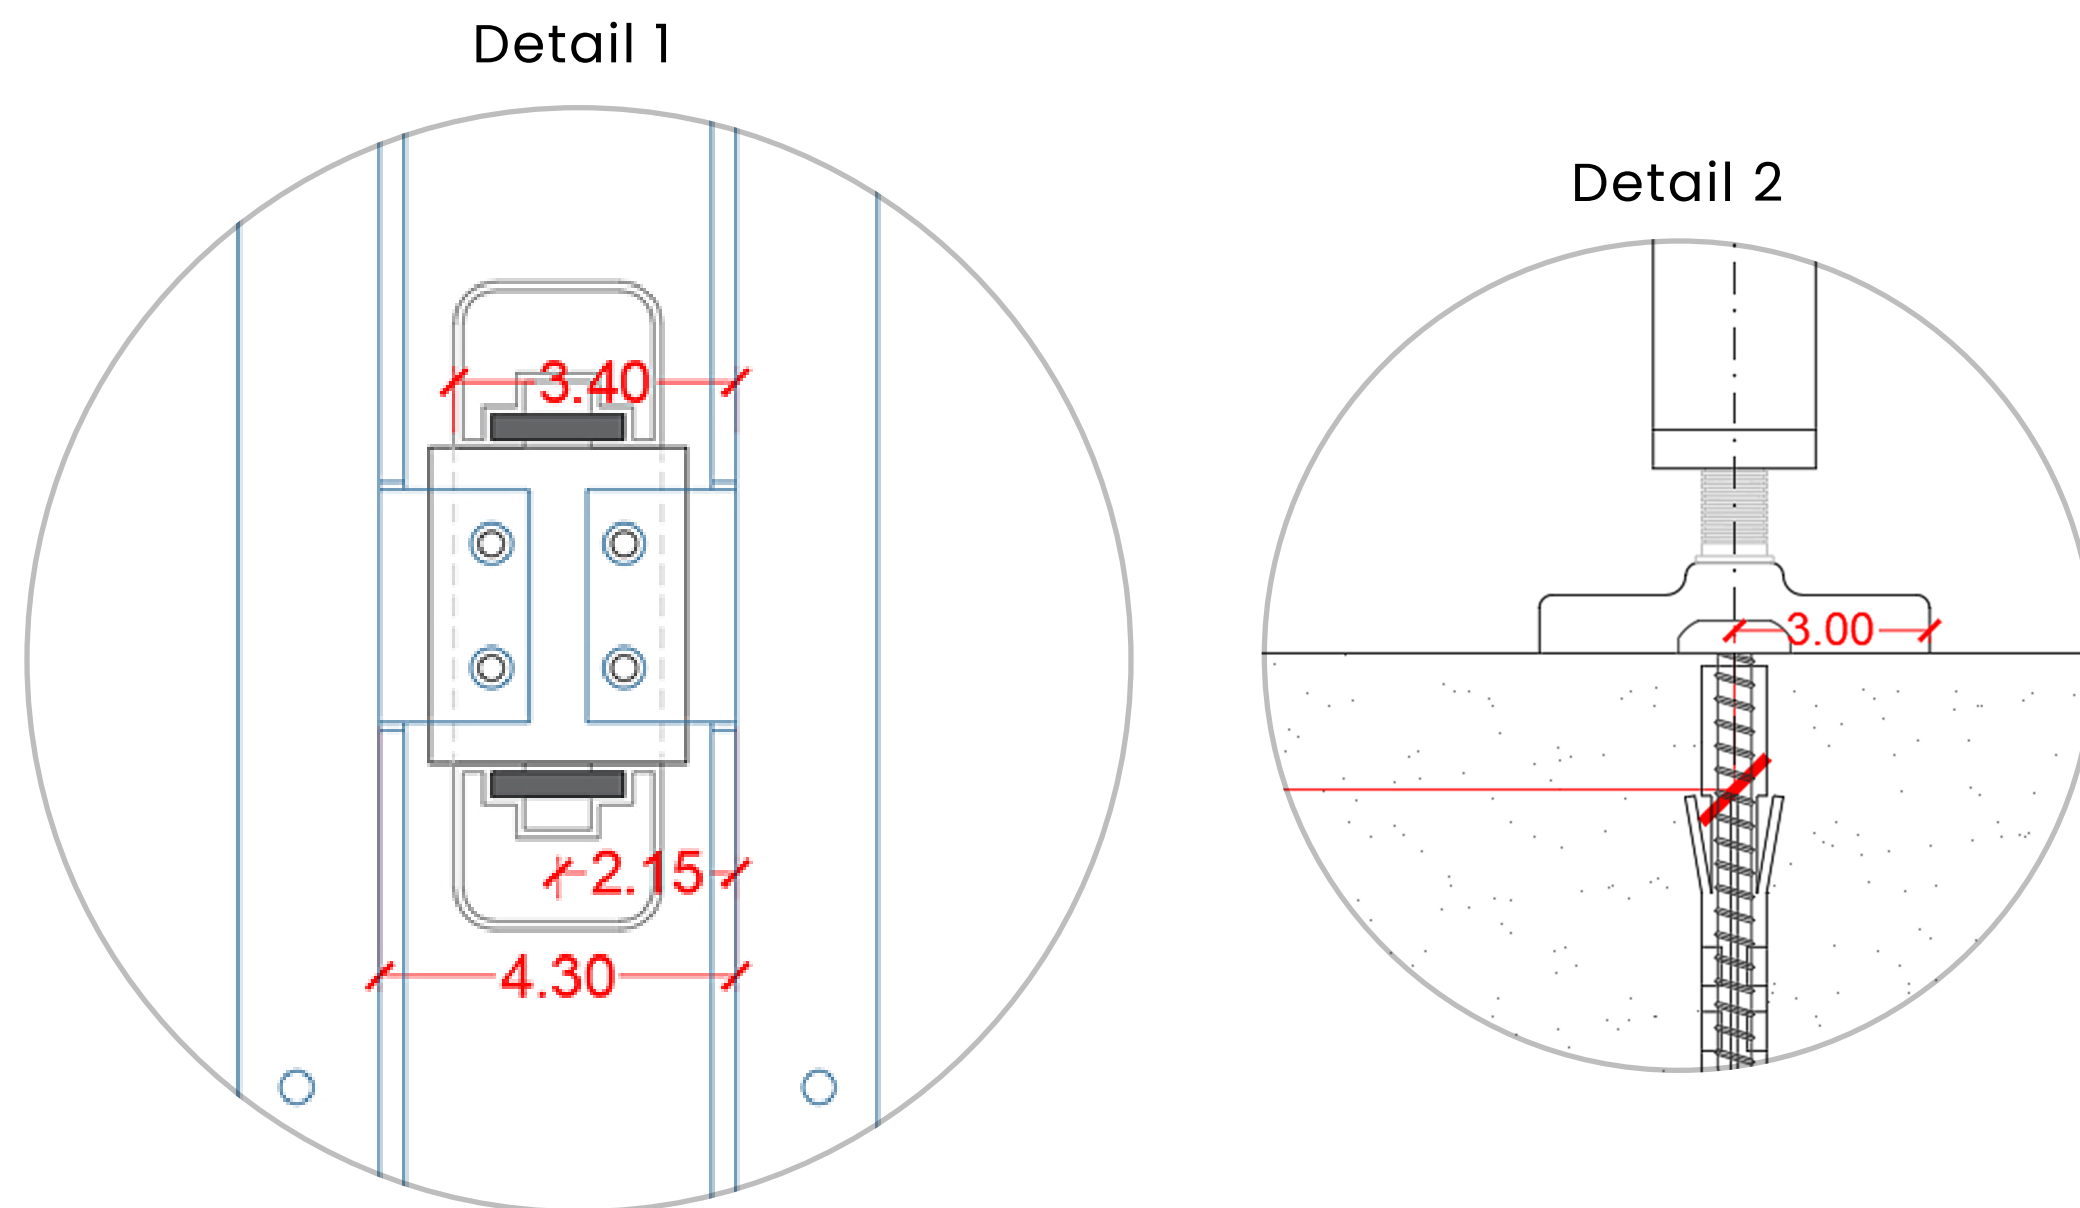

Plan view shows the installation of the shelf connector or shelf connector with hanger onto the profile with accurate dimensions.

ITEMS INSTALLATION

Wooden unit connector

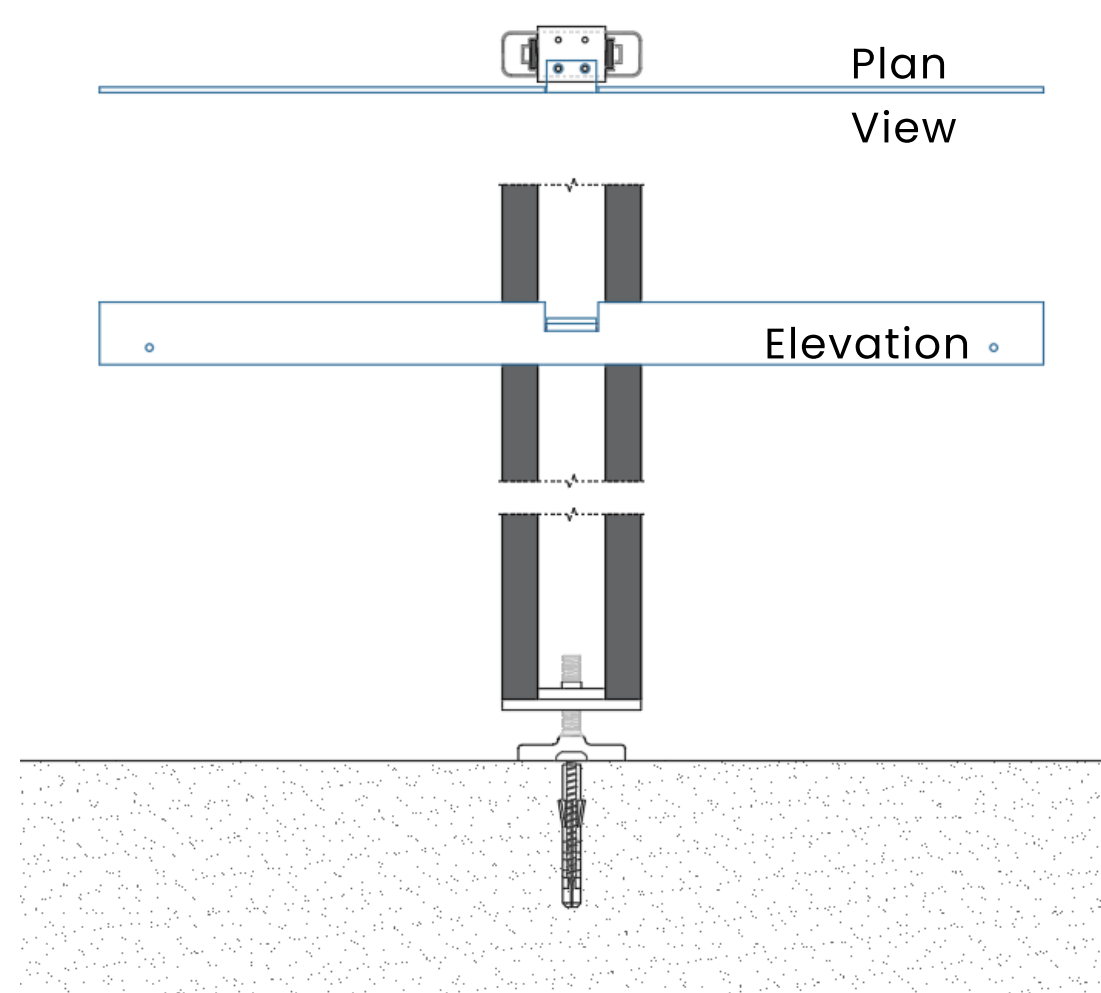

Plan view shows the installation of the wooden unit connector onto the profile with accurate dimensions.

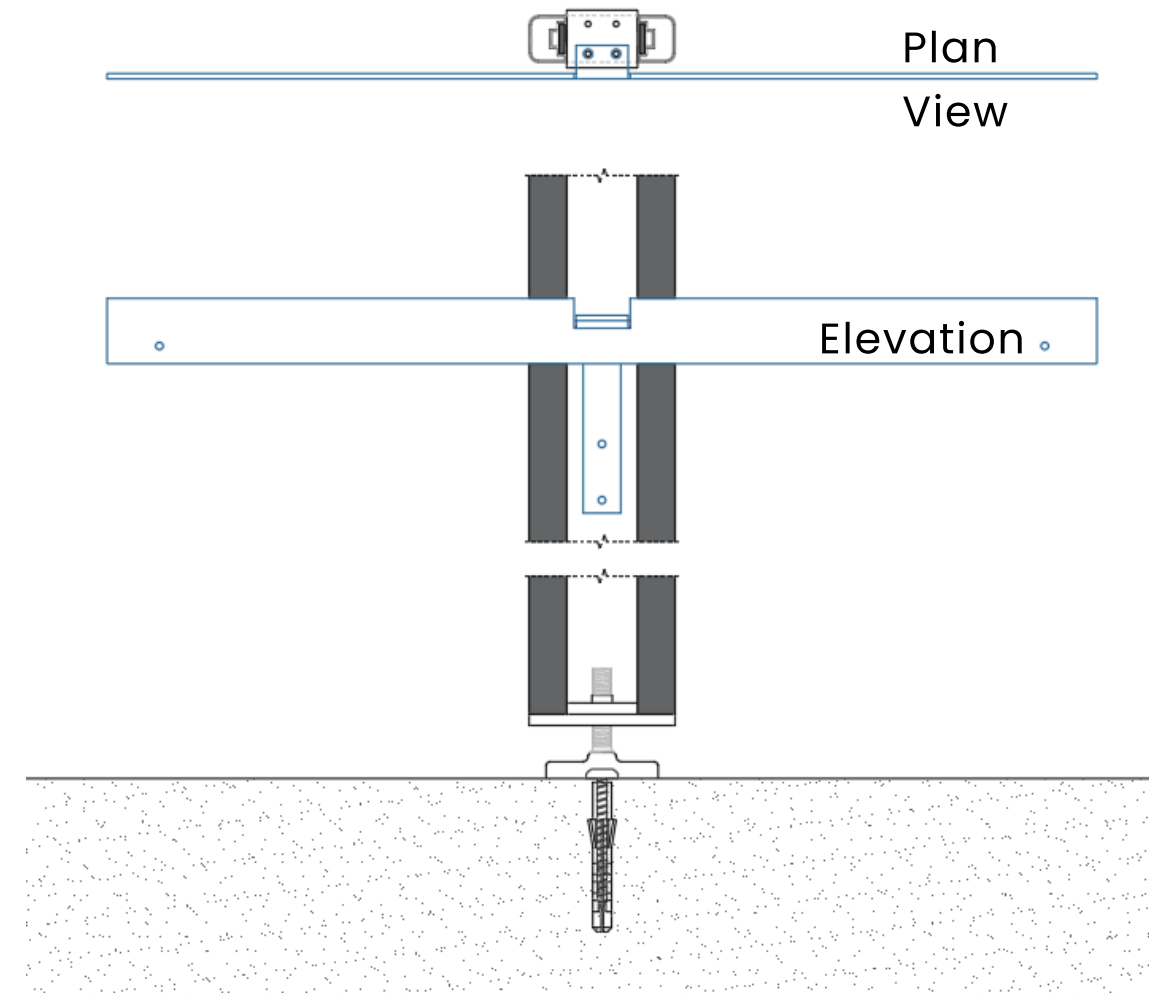

ITEMS INSTALLATION

Connectors

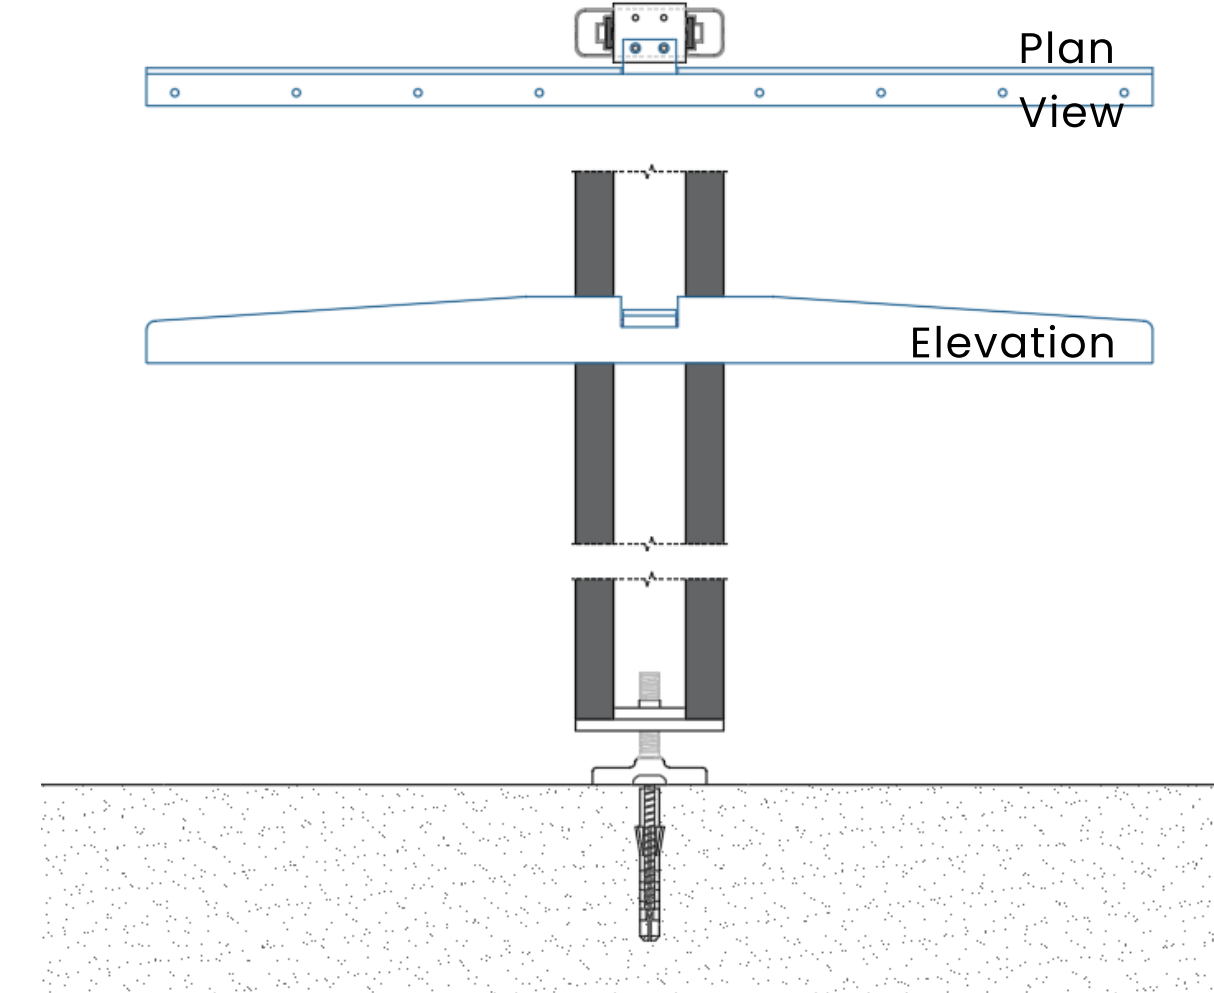

Plan and elevation views illustrate the installation methods for: Shelf Connector, Connector with hanger, and wood unit connector.
